The France Of Today:

The Jews of France Today Erik Cohen, 2011-08-11 Based on a national empirical survey this book presents a rich portrait of the Jews of France today An expanded translation of a French edition the book explores the demographics identity communal participation social issues and values of this community *The Vichy Past in France Today* Richard J. Golsan, 2016-12-20 The Vichy Past in France Today Corruptions of Memory is an interdisciplinary study examining the continuing impact of the memory of Vichy and World War II in French politics literature intellectual discourse and debates and the law It argues that despite multiple efforts in all of these areas to come to terms with France's World War II past and to fulfill a duty to memory to Vichy's Jewish victims the nation is still not reconciled to the so called Dark Years even seventy years after the Liberation Indeed the Vichy past occupies important recent works of literature inflects much political discussion and debate often serving as a metaphor for political and moral evil Its legacies include the passage of problematic laws that dangerously distort and simplify complex historical realities Chapter I examines the historical and legal legacies of the 1990s trials for crimes against humanity and traces their impact on the so called memorial laws of the new century Chapter II revisits the 2002 presidential elections in France and the impact of Jean Marie Le Pen's first round victory on intellectual and cultural debate Chapter III explores Alain Badiou's controversial characterization of Sarkozy's presidential victory as a return of Petainism in The Meaning of Sarkozy The discussion is cast against the backdrop of Badiou's radical political thought and Sarkozy's political uses and misuses of the World War II past Chapter IV examines the controversy surrounding the publication of Jonathan Littell's The Kindly Ones 2006 and its morally and historically problematic portrayal of an unrepentant Nazi and SS officer Chapter V discusses Yannick Haenel's fictional recreation of the Polish resistance hero Jan Karski The Messenger 2009 in his novel by that name and the polemics between the novel's author and the maker of the classic Holocaust documentary film Shoah Claude Lanzmann The Conclusion first explores the ways in which the memory of Vichy inflects literary and political reflections on the recent terrorist attacks in France It also examines strategies proposed by French philosophers for moving beyond the impasse of Vichy's memory in France before concluding with a different strategy proposed by the author for the French nation to move beyond the memory of the Dark Years *French Today* Carol Sanders, 1993-04-08 French Today is a profile of the French language in its social context British and French linguists examine trends in French throughout the French speaking world and address issues around prescriptivism gender and language and regional languages and dialects The collection includes overviews of work done in particular areas and deeper analyses of sociolinguistic questions One theme is how to represent and interpret data relating to language varieties that have been marginalised Another concerns the ways in which French is adapting to the future whether as a language of new technology or as a vehicular language on the continent All chapters of this book are in English with examples and quotations in French and a mixture of references given in both languages At the end of each chapter there are also texts in French
