Rebecca Gray,2009-10 This cookbook is a reflection of me here and now not just me when I was thirty something and wrote the first edition but me as a sixty year old and now a long time fisherman If a cookbook is good has that character it has gone beyond the primary purpose of instruction and moved on to entertain and inspire This is accomplished by revealing bias passion inspiration humor and probably even frailty those human traits that combine to create an identity and which are much more robust now that I m sixty And yes and hurrah this is done all in a milieu of cooking and eating wild So writes Rebecca Gray in the Preface of The New Gray s Fish Cookbook Revised and updated from its classic predecessor this beautiful and very useful book treats fish cookery with style affection and attention to detail Complete with 67 menus and hundreds of recipes in enticing and imaginative combinations The New Gray s Fish Cookbook sets a standard of
