Crabtree, Sara Ashencaen, Husain, Fatima, Basia Spalek, 2016-12-07 Social services have typically addressed equality and diversity issues through the lens of race and ethnicity while the faith identities of minority ethnic communities have been largely bypassed But in our contemporary world there is a strong need for policies and services that are sensitive to faith in general and to Islam in particular This unique book enables social work practitioners to gain a deeper understanding of how Islamic principles inform and influence the lives of Muslim populations Designed to support work with families and faith communities it examines religious precepts cosmologies philosophies and daily practices while acknowledging cultural variants and population heterogeneity The second edition includes a comprehensive update of the research literature detailed description and explanation of contemporary social work practice with Muslim service users using an updated and expanded collection of international case studies and new sections on religious extremism aging and end of life care The only book specifically addressing social work with Muslim communities *Islam and Social Work* provides an essential toolkit for culturally sensitive social work practice      **Social Work Practice with Adults** Sally Lee, Louise Oliver, 2023-04-19 An accessible introduction to social work practice with adults written in collaboration with service users carers and practitioners

**Social Work with Disadvantaged and Marginalised People** Jonathan Parker, Sara Ashencaen Crabtree, 2017-10-30 Social workers whatever their specialism practise with people at the margins of society It is therefore essential that all social work students not only understand the powers and processes that lead to disadvantage and marginalisation but develop the knowledge and skills needed to bring about change and uphold social justice in all aspects of their professional practice Split into three parts this book considers what is meant by disadvantage and marginalisation how this can come about and the impact this may have on lives before unpicking the key knowledge and skills needed to practice effectively with individuals and groups It then goes on to show what good ethical and reflective practice looks like going step by step through the ins and

outs of using the law and policy to bring about change before considering key ethical dilemmas in practice **Europe**, 2000

**Diversity and the Processes of Marginalisation** Sara Ashencaen Crabtree, 2014-10-15 This edited social work collection offers diverse perspectives on the broad theme of marginalization and social inclusion in Europe Chapter contributions have been drawn from both established academics and students of social work and sociology presenting at the 2013 SocNet Erasmus European Network in Social Work international symposium This collection forms a companion piece to the first SocNet edited volume *Active Ageing Perspectives from Europe* on a vaunted topic editors Maria Lusía Gomez Jimenez and Jonathan Parker **Army and Navy Gazette**, 1883 **The Million**, 1885 *The Spectator*, 1963 A weekly review of politics literature theology and art **Economic Eye**, 1985 *The Garment Worker*, 1928 Active Ageing Andrea Principi, Per H. Jensen, Giovanni Lamura, 2014 Active ageing has become a key phrase in the discourses about healthy ageing processes and one important way that it has been achieved in Europe is through the engagement of older people in volunteer work Active Ageing offers a much needed compendium of research on volunteerism among seniors Ranging across eight European countries the contributors highlight how different levels in the structure of volunteering from local to national interact and how these interactions either facilitate or hinder seniors inclusion in voluntary work They go on to offer policy suggestions for a more integrated strategy that can better support this unique group of volunteer workers **Ageing, Ageism and the Law** Israel (Issi) Doron, Nena Georgantzi, 2018-11-30 Europe is ageing However in many European countries and in almost all fields of life older persons experience discrimination social exclusion and negative stereotypes that portray them as different or a burden to society This pivotal book is the first of its kind providing a rich and diverse analysis of the inter relationships between ageing ageism and law within Europe Active Ageing in Europe Dragana Avramov, Ronald C. Schoenmaeckers, Miroslava Maskova, Council of Europe, 2003-01-01 This publication is the second volume of a report which discusses the changing age structure in European countries characterised by the increase in the number of elderly persons and the decrease in the young and working populations It focuses on the demographic characteristics of people aged 80 years and over the fastest growing age group within the population including existing living arrangements health issues gender and socio economic characteristics The Making of Ageing Policy Rune Ervik, Tord Skogedal Lindén, 2013-01-01 This innovative book provides insightful analyses and critique of policy ideas and practices regarding the challenges and opportunities facing ageing European societies Through pertinent case study examples it elucidates the ideological and institutional factors that underlie policy responses in different European societies It demonstrates the pivotal role of ideas and of international organisations in shaping the policy and practice landscape and driving through key policy reforms in Europe This edited book provides an invaluable resource for policy makers researchers and scholars interested in ageing policy and the political process Sara Arber University of Surrey UK Demographic changes transform societies and challenge existing institutional solutions and policies The need for policies addressing these challenges has increasingly been

put on the agenda The Making of Ageing Policy analyzes these innovative policy ideas and practices at both the international and the national level The book provides insights into the value basis and justifications of ageing policies the potential for conflict and how policy ideas are embedded in institutional defense and advocacy for institutional change and reform In terms of policy ideas the economically focused productive ageing dominates but the book finds instances where the broader active ageing approach has gained a hold in policymaking Ageing policy reforms within pensions and labour market policy include measures to make people extend their working life In long term care reforms abound and implies changes in the responsibility of financing and provision but the patterns across countries differ substantially The authors provide normative analysis of ageing policy ideas divulge political conflicts and consensus on ageing policy and contribute by describing and analyzing the changing institutional landscape of ageing politics and policies throughout Europe It will prove insightful for academics and researchers in the field but it will also appeal to practitioners who are increasingly dealing with demographic challenges across a wide number of policy sectors in their daily affairs
