Southern Writers And The New South Movement 1865 1913:

The Conservative Press in Eighteenth- and Nineteenth-Century America Ronald Lora, William Henry Longton, 1999-08-30
Selecting journals that speak for a very large number of topics addressed by the conservative press this volume profiles selected conservative journals published since 1787 The conservative press has scarcely spoken with a single voice whether the topics treated or even the time inhabited are the same or different Yet these journals testify to the persistent vigor and importance of conservatism Together they provide a focused survey of the history of American conservative thought from the late 18th Century to the late 19th Century Along with the companion volume covering the 20th Century conservative press the book provides an important resource on conservative thought in America Despite the disparities in conservative intellectual thought the journals covered even the more idiosyncratic and extreme are connected by their core values of conservatism The book is organized into sections reflecting these connections The first section covers journals associated with Federal Whig or in the Civil War era Northern Democratic political interests A later section includes journals sharing an attachment to Southern conservative values during the antebellum and Reconstruction periods Two sections deal respectively with 19th Century Orthodox Protestant periodicals and 19th Century Catholic and Episcopal journals and yet another section discusses journals united by a major focus on literary topics and cultural connections

A Literary History of Mississippi Lorie Watkins, 2017-05-31 With contributions by Ted Atkinson Robert Bray Patsy J Daniels David A Davis Taylor Hagood Lisa Hinrichsen Suzanne Marrs Greg O Brien Ted Ownby Ed Piacentino Claude Pruitt Thomas J Richardson Donald M Shaffer Theresa M Towner Terrence T Tucker Daniel Cross Turner Lorie Watkins and Ellen Weinauer Mississippi is a study in contradictions One of the richest states when the Civil War began it emerged as possibly the poorest and remains so today Geographically diverse the state encompasses ten distinct landform regions As people traverse these they discover varying accents and divergent outlooks They find pockets of inexhaustible wealth within widespread grinding poverty Yet the most illiterate disadvantaged state has produced arguably the nation's richest literary legacy Why Mississippi What does it mean to write in a state of such extremes To write of racial and economic relations so contradictory and fraught as to defy any logic Willie Morris often quoted William Faulkner as saying To understand the world you must first understand a place like Mississippi What Faulkner or more likely Morris posits is that Mississippi is not separate from the world The country's fascination with Mississippi persists because the place embodies the very conflicts that plague the nation This volume examines indigenous literature Southwest humor slave narratives and the literature of the Civil War Essays on modern and contemporary writers and the state's changing role in southern studies look at more recent literary trends while essays on key individual authors offer more information on luminaries including Faulkner Eudora Welty Richard Wright Tennessee Williams and Margaret Walker Finally essays on autobiography poetry drama and history span the creative breadth of Mississippi's literature Written by literary scholars closely connected to the state the volume offers a history suitable for all

readers interested in learning more about Mississippi's great literary tradition *Southern Writers and the New South Movement, 1865-1913* Wayne Mixon, 1980 *To Wake the Nations* Eric J. Sundquist, 1993 Sundquist presents a major reevaluation of the formative years of American literature 1830-1930 that shows how white and black literature constitute a single interwoven tradition. By examining African America's contested relation to the intellectual and literary forms of white culture he reconstructs American literary tradition **You Wrote My Life** Melton Alonzo McLaurin, Richard A. Peterson, 1992 First Published in 1992 Routledge is an imprint of Taylor Francis an informa company *Stories with a Moral* Michael E. Price, 2000-01-01 *Stories with a Moral* is the first comprehensive study of the effects of plantation society on literature and the influences of literature on social practices in nineteenth century Georgia. During the years of frontier settlement the Civil War and Reconstruction Georgia authors voiced their support for the slave system the planter class and the ideals of the Confederacy presenting a humorous passionate and at times tragic view of a rapidly changing world. Michael E Price examines works of fiction travel accounts diaries and personal letters in this thorough survey of King Cotton's literary influence showing how Georgia authors romanticized agrarian themes to present an appealing image of plantation economy and social structure. *Stories with a Moral* focuses on the importance of literature as a mode of ideological communication. Even more significant the book shows how the writing of one century shaped the development of social practices and beliefs that persist in legend and memory to this day *The Southern Writers and the New South Movement, 1865 - 1913*, 1974

Fifty Southern Writers Before 1900 Robert Bain, Joseph M. Flora, 1987-09-18 This collection deserves a long review in order to get the attention it has earned. But how would a reviewer do rounded justice in say five hundred words to fifty entries by fifty different scholar critics on Southerners whose careers ended before 1900 or thereabouts. Furthermore each entry was required to follow a five part pattern a biographical sketch a discussion of major themes an assessment of the scholarship a chronological list of the author's works and a bibliography of selected criticism. That pattern reinforces a reference work effect that the precise and experienced editors intended. Only a pedant will quibble yet will also regularly use the book and send students to it. It will outlast any reviewer now alive. American Literature A companion volume to *Fifty Southern Writers After 1900* this collection focuses on the work of writers whose careers ended before or about 1900 whose works are often anthologized and whose writing figures prominently in the history of Southern letters. Each essay written by a specialist in the field contains five parts a biographical sketch a discussion of the author's major themes an assessment of the scholarship on the author's works a chronological list of works and a bibliography of selected criticism. The selected essays treat the individual writers in substantial detail and offer a fresh attempt to estimate the achievements of the authors included as well as a valuable assessment of the secondary work and scholarship to date *The Promise of the New South* Edward L. Ayers, 1992 In this fascinating story Edward Ayers captures the history of the South in the years between Reconstruction and the turn of the century a combination of progress and reaction that defined the contradictory promise of

the New South Ranging from the Georgia coasts to the Tennessee mountains from the power brokers to tenant farmers Ayers depicts a land of startling contrasts showing how the region developed the patterns it was to follow for the next fifty years
