# The French And The Phoney War 1939 4

**Brendan John Elliott**

## **The French And The Phoney War 1939 4:**

**Churchill's Phoney War** Graham Clews,2019-11-15 Given the dearth of scholarship on the Phoney War this book examines the early months of World War II when Winston Churchill's ability to lead Britain in the fight against the Nazis was being tested Graham T Clews explores how Churchill as First Lord of the Admiralty proposed to fight this new world war with particular attention given to his attempts to impel the Royal Navy the British War Cabinet and the French toward a more aggressive prosecution of the conflict This is no mere retelling of events but a deep analysis of the decision making process and Churchill's unique involvement in it This book shares extensive new insights into well trodden territory and original analysis of the unexplored with each chapter offering material which challenges conventional wisdom Clews reassesses several important issues of the Phoney War period including Churchill's involvement in the anti U boat campaign his responsibility for the failures of the Norwegian Campaign his attitude to Britain's aerial bombing campaign and the notion of his unfettered bulldog spirit his relationship with Neville Chamberlain and his succession to the premiership A man of considerable strengths and many shortcomings the Churchill that emerges in Clews portrayal is dynamic and complicated Churchill's Phoney War adds a well balanced and much needed history of the Phoney War while scrupulously examining Churchill's successes and failures

[\*\*The French Communist Party\*\*](#) Maxwell Adereth,1984 [\*\*The Second World War\*\*](#)

Bradley Lightbody,2004 An accessible history of the Second World War in its global context for A level students [\*\*Secret Intelligence in the European States System, 1918-1989\*\*](#) Jonathan Haslam,Karina Urbach,2013-12-18 The history of secret intelligence like secret intelligence itself is fraught with difficulties surrounding both the reliability and completeness of the sources and the motivations behind their release which can be the product of ongoing propaganda efforts as well as competition among agencies Indeed these difficulties lead to the Scylla and Charybdis of overestimating the importance of secret intelligence for foreign policy and statecraft and also underestimating its importance in these same areas problems that generally beset the actual use of secret intelligence in modern states But in recent decades traditional perspectives have given ground and judgments have been revised in light of new evidence This volume brings together a collection of essays avoiding the traditional pitfalls while carrying out the essential task of analyzing the recent evidence concerning the history of the European state system of the last century The essays offer an array of insight across countries and across time Together they highlight the critical importance of the prevailing domestic circumstances technological governmental ideological cultural financial in which intelligence operates A keen interdisciplinary eye focused on these developments leaves us with a far more complete understanding of secret intelligence in Europe than we've had before [\*\*The Fall of France\*\*](#) Julian Jackson,2004-04-22 On 16 May 1940 an emergency meeting of the French High Command was called at the Quai d'Orsay in Paris The German army had broken through the French lines on the River Meuse at Sedan and elsewhere only five days after launching their attack Churchill who had been telephoned by Prime Minister Reynaud the previous

evening to be told that the French were beaten rushed to Paris to meet the French leaders The mood in the meeting was one of panic and despair there was talk of evacuating Paris Churchill asked Gamelin the French Commander in Chief Where is the strategic reserve There is none replied Gamelin This exciting book by Julian Jackson a leading historian of twentieth century France charts the breathtakingly rapid events that led to the defeat and surrender of one of the greatest bastions of the Western Allies and thus to a dramatic new phase of the Second World War The search for scapegoats for the most humiliating military disaster in French history began almost at once were miscalculations by military leaders to blame or was this an indictment of an entire nation Using eyewitness accounts memoirs and diaries Julian Jackson recreates in gripping detail the intense atmosphere and dramatic events of these six weeks in 1940 unravelling the historical evidence to produce a fresh answer to the perennial question of whether the fall of France was inevitable **Deterrence, Coercion, and**

**Appeasement** David French,2022 A compelling and original survey of British grand strategy in the inter war period underlining the inexorable relationships between foreign policy grand strategy military force intelligence finance and not least domestic politics and public opinion **Bolt Action: Armies of France and the Allies** Warlord Games,2013-09-20 World War II was truly a world war and many nations joined the fight against Germany and the Axis This latest supplement for Bolt Action covers the armies of France Poland Czechoslovakia Denmark Norway Holland and Belgium that stood against the German Blitzkrieg as well as the resistance forces that sprung up in the aftermath of occupation **The French and the**

**Phoney War, 1939-40** François Fournieille-Alquier,1973 **Hitler and Germany** Brendan John Elliott,1966 Chronicles the rise of Hitler from a poor worker in Vienna to the powerful dictator of Germany who influenced the course of world history

**The Common Thread, 1905 to 1941** Harry Sterne,1992 **British Strategy and Politics During the Phoney War** Nick Smart,2003-02-28 The so called Phoney War from September 1939 to May 1940 occupies a peculiar yet distinct place in popular memory All the sensations of war except the fighting were present yet instead of massed air attacks and great land battles very little happened The British government was said to be complacent and the people downright bored Then France fell to German attack and the small British army was evacuated minus its equipment from Dunkirk Reaction to this major strategic catastrophe was naturally to blame the men deemed guilty for bringing the nation to the verge of humiliating defeat In sharp contrast to previous studies Smart argues that there was more to the phoney war than governmental complacency that the period was more than a foolish or frivolous ante chamber to a later more heroic phase The extent to which the guilty men verdict on the first nine months of Britain's Second World War has stuck remains surprising The notion that the phoney war was a necessary indeed over determined prelude to catastrophe has become cemented over time Examining the workings of the Anglo French leadership during this period Smart picks this thesis apart and argues that disaster was not necessarily still less inevitably just around the corner He concludes that Anglo French decision making during this time was basically sound that the soldiers were well equipped and in good heart and that there was no malaise eating away at the

entente This study offers a challenging reappraisal of the phony war from a British perspective      *Subject Catalog, 1982*  
Library of Congress,1982      **The History of the Royal Scots Fusiliers, 1919-1959** J. C. Kemp,1963      1940 The Fall of  
France General Andre Beaufre,1968      **Historical Abstracts** Eric H. Boehm,1999      *Hitler's War and the War Path* David  
John Cawdell Irving,1991 Map on lining papers Hitler's War was originally published by The Viking Press in 1977 The War  
path was published by The Viking Press and Michael Joseph Ltd in 1979 T p verso Includes bibliographical references p 840  
943 and index      *National Union Catalog* ,1973 Includes entries for maps and atlases      **The Memoirs of Lord Gladwyn**  
Hubert Miles Gladwyn Jebb Baron Gladwyn,1972      **Arming Against Hitler** Eugenia C. Kiesling,1996 In May June 1940  
the Germans demolished the French Army inflicting more than 300 000 French casualties including more than 120 000 dead  
While many historians have focused on Frances failure to avoid this catastrophe Eugenia Kiesling is the first to show why the  
French had good reason to trust that their prewar defense policies military doctrine and combat forces would preserve the  
nation      **World War II** ,1997-09 Historical personal and technical aspects of the Second World War are explored in this six  
book series Each book examines a different facet of the war from the military machines and battles to the leaders who  
brought their people through the terrible times Details of military weaponry battle plans and personalities will bring this  
conflict alive for readers
