“The” French Revolution and the English Novel Allene Gregory, 1965 *The French Revolution and the English Novel (Classic Reprint)* Allene Gregory, 2015-07-09 Excerpt from The French Revolution and the English Novel This study in the *tendenz* novel was begun with the idea of paralleling Dr Hancock's book *The French Revolution and the English Poets* in furnishing detailed consideration of a literary form which Professor Dowden's general treatment of the period necessarily presents in outline merely. It is evident however that the Revolutionary poets and the Revolutionary novelists must rest their claims to our interest on different grounds. A discussion of Wordsworth, Coleridge, Byron and Shelley needs no justification. But it must be confessed that the novelists we are about to consider can not escape the condemnation of mediocrity. There is scarcely one of them whose work has lived through the intervening century. What then shall be our apology for invading their well merited obscurity? There are two distinct uses of the historical methods in the study of literature. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The French Revolution and English Literature Edward Dowden,1908 **The French Revolution and English Literature** Edward Dowden,1897 **The French Revolution Debate and the British Novel, 1790-1814** Morgan Rooney,2012-11-08 This study examines how debates about history during the French Revolution informed and changed the nature of the British novel between 1790 and 1814 During these years intersections between history political ideology and fiction as well as the various meanings of the term history itself were multiple and far reaching Morgan Rooney elucidates these subtleties clearly and convincingly While political writers of the 1790s Burke Price Mackintosh Paine Godwin Wollstonecraft and others debate the historical meaning of the Glorious Revolution as a prelude to broader ideological arguments about the significance of the past for the present and future novelists engage with this discourse by representing moments of the past or otherwise vying to enlist the authority of history to further a reformist or loyalist agenda Anti Jacobin novelists such as Charles Walker Robert Bisset and Jane West draw on Burkean historical discourse to characterize the reform movement as ignorant of the complex operations of historical accretion For their part reform minded novelists such as Charlotte Smith William Godwin and Maria Edgeworth travesty Burke s tropes and arguments so as to undermine and then redefine the category of history As the Revolution crisis recedes new novel forms such as Edgeworth s regional novel Lady Morgan s national tale and Jane Porter s early historical fiction emerge but historical representation largely the legacy of the 1790s novel remains an increasingly pronounced feature of the genre Whereas the representation of history in the novel Rooney argues is initially used strategically by novelists involved in the Revolution debate it is appropriated in the early nineteenth century by authors such as Edgeworth Morgan and Porter for other often related ideological purposes before ultimately developing into a stable nonpartisan aestheticized feature of the form as practiced by Walter Scott The French Revolution Debate and the British Novel 1790 1814 demonstrates that the transformation of the novel at this fascinating juncture of British political and literary history contributes to the emergence of the historical novel as it was first realized in Scott s Waverley 1814 **The French**
