France Richard Wittman, 2007 This book focuses on the complex ways in which architectural practice theory patronage and experience became modern with the rise of a mass public and a reconfigured public sphere between the end of the seventeenth century and the French Revolution Presenting a fresh theoretical orientation and a large body of new primary research this book offers a new cultural history of virtually all the major monuments of eighteenth century Parisian architecture with detailed analyses of the public debates that erupted around such Parisian monuments as the east facade of the Louvre the Place Louis XV the Place de la Concorde and the church of Sainte Genevieve the Pantheon Depicting the passage of architecture into a mediatized public culture as a turning point and interrogating it as a symptom of the distinctly modern configuration of individual society and space that emerged during this period this study will interest readers well beyond the discipline of architectural history **The French Stage in the Eighteenth Century in 2 Vols** Frederick William Hawkins, 1888 **The French Stage in the Eighteenth Century** Frederick Hawkins, 1888 **Medea Magic and Modernity in France Stages and Histories 1553-1797** Amy Wygant, 2007-01-01 Revealing the surprising trajectory of our contemporary obsession with magic Amy Wygant here follows the figure of Medea the great antique witch and child murderess through her appearances on the early modern French stage from La P ruse to Corneille to Cherubini by way of

medical treatises visual images cultural practices and poetics This cross disciplinary study shows that Medea is our mirror and her story is the story of cultural performance The French Stage in the Eighteenth Century Frederick William Hawkins,1888 **French Theatre in the Neo-classical Era, 1550-1789** William D. Howarth,1997-06-05 This 1997 book covers the period which saw the establishment in France of a centralized official theatre not only the Com die Fran aise the first national theatre but an Italian theatre and a state opera the often subversive independent theatres are also discussed Nearly 1 000 documents deal with censorship and other aspects of external control company management the acting profession dramatic theory and criticism theatre architecture settings and costumes audience composition and behaviour Over 120 pictorial documents architectural drawings technical engravings frontispieces portraits etc provide a visual dimension where relevant A full linking narrative and a copious bibliography help to make this an important reference work and a valuable research tool **Shakespeare on the French Stage in the Eighteenth Century** Marion Monaco,1974
