**Paul and First-Century Letter Writing** E. Randolph Richards, 2025-07-29 Traditional Christian art depicts Paul the letter writer pen in hand attentive to the Spirit We might think we know better and imagine him pacing in agitation as he rapidly dictates to a secretary his letter to the Galatians But in reality neither of these pictures is accurate In Paul's day producing a letter was a time consuming and costly business And we have ample resources from the ancient world to piece together what it must have been like A secretary was usually part of the picture But so were notes drafts corrections and careful rewrites not to speak of scratchy pens sooty ink and coarse papyrus Interestingly there is evidence that Paul involved his missionary team in the writing of letters And then came the delivery over land and sea the reading and circulation as well as the epistolary afterlife of copying collecting and storing E. Randolph Richards has extensively studied ancient letter writing and secretaries Informed by the historical evidence and with a sharp eye for telltale clues in Paul's letters he takes us into this world and places us on the scene with Paul the letter writer What first appears to be just a study of secretaries and stationery turns out to be an intriguing glimpse of Paul the letter writer that overthrows our preconceptions and offers a new perspective on how this important portion of Christian Scripture came to be [Bowker's Guide to Characters in Fiction 2007](#), 2008-02 [American Book Publishing Record](#), 2002 [The Quest for the Tomb of Alexander the Great: Third Extended Edition](#) Andrew Michael Chugg, 2019-11-17 Uncovers a connection between a Macedonian funerary sculpture found in the foundations of the Basilica di San Marco in Venice and the sarcophagus of an Egyptian Pharaoh shipped to London from Alexandria in 1801 Traces their trails to show that both seem to come from Alexander's tomb in Alexandria Now it is revealed that the sculptural relief was fitted to the sarcophagus confirming the theory The author writes When I embarked upon the deck of this Odyssey it seemed to me that shipwreck was my eventual destiny but now beyond the raging roiling sea I have glimpsed the shore of verdant Valinor unveiled before me Though I may yet come to grief upon some reef washed by waves of disbelief I voyage on to vindication my vessel's ordained destination With greatness grazing on the verge of rediscovery we may surely see the resolution of this mystery So let my sail now be unfurled to catch the wind and win the world Alexander's long lost legacy the parted parts of his shattered tomb and battered body **Memoirs of Women Writers, Part III vol 10** Gina Luria Walker, 2024-10-28 Mary Hays was a radical feminist whose writings brought her to the attention of her contemporaries William Blake Thomas Paine Mary Wollstonecraft and William Godwin Her Female Biography is an ambitious and acclaimed work covering the lives of 294 women **Celestial Inclinations** Anne-Marie Lewis, 2023 Celestial Inclinations offers original insights into the practical application of observational astronomy and astrology as political tools by Rome's first emperor Augustus It combines history astronomy literature art and more to provide a new perspective on the life of Augustus a man who believed his destiny was written in the stars [Daughters of the American Revolution Magazine](#), 1926 **G.K.
