existed I found myself relating to Follin's journey on several levels which was quite a revelation. Each story unveils new revelations about life to Follin at the same time explaining in easy to understand prose much like the use of parables the meanings to each card. Each card has its own specific meaning and yet Noel manages to blend them all together into a seamless story. The cards all have interesting contributions to the journey my favorite cards were Death, The Hierophant and The Hermit. All in all from beginning to end I enjoyed this very much and would recommend this read to those who enjoy a good read and or have an interest in Tarot. Major Arcana cards RD Greetings I just finished the Swords book on Follin's quest. If you have a release date for the Cups volume I'll be more than happy to buy a copy as soon as it hits Amazon kindle. Thank you for writing such tales they have really helped me understand tarot better. I've been really trying to grasp the essence of Tarot for a few years because I plan to set up office and offer paid readings. And this is not an exaggeration your books are just what many of us need as we're usually people that can relate to Follin's struggle. I know for sure because I can actually feel it. Thank you for the awesome gift and the inspiration. You'll hear back from me when I get my much overdue success and I'll make sure to honor your work through my own and thanks again for bringing Follin to life. AM I am really looking forward to the Cups book. I've listened to the Fools Journey 5 times its starting to sink in very well. You are an amazingly gifted writer to have come up with this story and have given the tarot a voice words cannot describe my admiration. I am so grateful you crossed my path to help me understand these complex subjects. Thank you CM. The Fools Journey Alan Jones, 2016-11-12 Of all the oracle systems in use today Tarot is arguably one of the better known 78 Cards 22 images which could be said to describe a journey through life and a further 56 which add people and textures to the main chapters of that adventure. As someone who has been exploring the Tarot for several decades I can honestly say that it one of the most visually poetic embodiments of esoteric teachings available to the student of the arcane. It is frequently misrepresented as simply an oracle and given an esoteric history which is firmly in the realms of the fairy tale but when understood it is a symbolic initiatory system which opens a doorway to spiritual exploration. This book represents a way of taking a journey of self discovery and in the process developing intuition and genuine insight

The Fool's Journey Through The Tarot Cups Noel Eastwood, 2021-01-15 Book 4 The Fool's Journey Series Noel Eastwood's unique blend of rollicking good storytelling and the wisdom of esoteria and the Tarot continues in this long awaited sequel. Follin and his wife Eve have completed their lessons with the pragmatic Pentacles the intellectual Swords and are now faced with the heady world of emotions in the Cups Kingdom. The lovers find that a safe and secure relationship is not so simple it requires considerable insight and personal sacrifice. The spiritual lessons outlined in the Cups journey will benefit those on the same mystics journey as our heroes be it to go beyond the world of matter in the astral planes or to develop strategies that will make your love life fulfilling and secure. Adopting a narrative approach Noel once again demonstrates how he uses the imagery and metaphors of tarot in meditation.
