**Alfred Cobban**

## **France Since The Revolution And Other Aspects Of Modern History:**

France Since the Revolution Alfred Cobban, 1970      *Democracy in Modern France* Nick Hewlett, 2005-12-08 With its unique blend of political history and political theory this book is a welcome addition to the series on Politics Culture and Society in the New Europe Nick Hewlett begins his fascinating study with a discussion of the various ways in which the concept of democracy has been interpreted He continues by tracing the effect of France's revolutionary tradition on the theory and practice of democracy since the Enlightenment looking in particular at both republican democracy and direct democracy Hewlett examines the implications for democracy of profound social and political conflict in France and offers an unusual critique of the institutions and structures of formal politics suggesting that their relationship with democracy is more tenuous than is often assumed The political philosophy of new liberals such as Luc Ferry and Marcel Gauchet is also discussed in detail Thought provoking original and closely argued this book explores some key aspects of politics in France whilst making a strong case for greater direct participation of ordinary people in politics Nick Hewlett is Professor of French Studies and Director of the Centre for European Research at Oxford Brookes University He is author of *Modern French Politics Conflict and Consensus since 1945* 1998 co author of *Contemporary France* with Jill Forbes and François Nectoux 1994 and 2001 and co editor of *Currents in Contemporary French intellectual Life* with Christopher Flood 2000 and *Unity and Diversity in the New Europe* with Barrie Axford and Daniela Berghahn 2000      *Funerals, Politics, and Memory in Modern France 1789-1996* Avner Ben-Amos, 2000-10-12 This is an interdisciplinary study of the state funerals that were celebrated in France between the French Revolution and the death of François Mitterand Its aim is to explain how the funerals of such prominent figures as Voltaire Napoleon Gambetta Hugo and de Gaulle became major public events that helped to mould the national memory Combining the insights of anthropologists and sociologists with a historical analysis it argues that the dual character of the ceremony a political festival and final rite of passage turned the state funeral into a gripping event to which few French people could remain indifferent The book focuses on the republican tradition of state funerals which emerged in the French Revolution and has continued through the Fifth Republic Whether in power or in opposition the republicans used the funerals of their leaders and militants to educate the masses and mobilize public support This book the first comprehensive analysis of French state funerals is also a major contribution to the study of republican culture      **Newsletter** United States. Department of State, 1971      **Reform, Revolution and French Global Policy, 1787-1791** Jeremy J. Whiteman, 2017-09-19 The period following the American War of Independence was for the France of Louis XVI the high water mark of its diplomatic prestige With France's arch rival Britain humbled by the loss of her main north American colonies and deprived of any significant continental alliances Louis felt confident that France could at last re-assume its natural role as the economic political and military leader of Europe That this did not happen and if anything France's international prestige sunk even lower was a bitter pill for its rulers and one that was to have important

ramifications beyond the sphere of foreign policy Indeed continued frustration at France's impotence on the world stage became a pressing domestic issue with radically opposing solutions being put forward to bring about a national regeneration This work focuses on the policy responses of the National Constituent Assembly to the issues of global competition especially in the maritime colonial and economic sphere and with particular reference to Anglo-French rivalry These responses are contrasted to the policies of the reforming royal government of the Pre-Revolution of 1787-1789 From this analysis of the Old and New Regimes' respective global policies it is shown how French responses to the demands of international competition played a role in both fostering and shaping the Revolution of 1789 Moreover Whiteman argues that in spite of profound ideological differences in material terms there was a significant degree of continuity between the policies of the Constituent deputies and the Old Regime royal government

*The Pall Mall Magazine*, 1896      The French Revolution Gary Kates, 2006 Collating key texts at the forefront of new research and interpretation this updated second edition adds new articles on the Terror and race colonial issues and studies all aspects of this major event from its origins through to its consequences

*The French Revolution* Noah Shusterman, 2020-10-01 Now in its second edition *The French Revolution: Faith, Desire, and Politics* has been updated to include a discussion about how the actions by soldiers and citizen soldiers shaped the course of the Revolution as well as the daily lives and concerns of everyday French people Throughout the study Shusterman highlights the crucial role that religion and sexuality played in determining the shape of the Revolution and examines key themes such as the impact of the crown's war debts on the fall of the Old Regime the organization of citizen militias in 1789 and their eventual transformation into France's National Guard This edition has been revised to include a fresh analysis of classic nineteenth-century accounts of the Revolution including those by Jules Michelet Jean Jaurès and Edgar Quinet It also explores the lives of the people who lived through the French Revolution and uncovers the messages about gender sex religion and faith which surrounded them concerns which did not exist outside of the events of the Revolution With a brief chronology of the Revolution and a guide to further reading this book is an invaluable resource for students of the French Revolution women and gender and the history of Catholicism

**Lectures and Essays. 2d Ser** Henry Nettleship, 1895      **Lectures and Essays**, 1895      **Class, Ideology, and the Rights of Nobles During the French Revolution** Patrice L. R. Higonnet, 1981      *The Political, Social, and Literary History of France* Ebenezer Cobham Brewer, 1878      *Catholics in Western Democracies* John Henry Whyte, 1981      *Harper's New Monthly Magazine*, 1875
