**New Suburban Stories** Martin Dines,Timotheus Vermeulen,2013-09-12 Exploring fiction film and art from across the USA South America Asia Europe and Australia New Suburban Stories brings together new research from leading international scholars to examine cultural representations of the suburbs home to a rapidly increasing proportion of the world's population Focussing in particular on works that challenge conventional attitudes to suburbia the book considers how suburban communities have taken control of their own representation to tell their own stories in contemporary novels poetry autobiography cinema social media and public art

**The Working Landscape** Peter F. Cannav,2007-06-22 In America today we see rampant development unsustainable resource exploitation and commodification ruin both natural and built landscapes disconnecting us from our surroundings and threatening our fundamental sense of place Meanwhile preservationists often respond with a counterproductive stance that rejects virtually any change in the landscape In The Working Landscape Peter Cannav identifies this zero sum conflict between development and preservation as a major factor behind our contemporary crisis of place Cannav offers practical and theoretical alternatives to this deadlocked polarized politics of place by proposing an approach that embraces both change and stability and unifies democratic and ecological values creating a working landscape Place Cannav argues is not just an object but an essential human practice that involves the physical and conceptual organization of our surroundings into a coherent enduring landscape This practice must balance development which he calls founding and preservation Three case studies illustrate the polarizing development preservation conflict the debate over the logging of old growth forests in the Pacific Northwest the problem of urban sprawl and the redevelopment of the former site of the World Trade Center in New York City Cannav suggests that regional democratic governance is the best framework for integrating development and preservation and he presents specific policy recommendations that aim to create a working landscape in rural suburban and urban areas A postscript on the mass exile displacement and homelessness caused by Hurricane Katrina considers the implications of future climate change for the practice of place

**Postmodern Suburban Spaces** Joseph George,2016-10-20 This book reevaluates fiction devoted to the postwar American suburb examining the way these works imagine suburbia as a communal structure designed to advance a particular American identity Postmodern Suburban Spaces surveys works by both canonical chroniclers of the middle class experience such as Richard Yates and John Cheever and those who reflect suburbia's demographic reality including Gloria Naylor and Chang rae Lee to uncover a surprising reconfiguration of the suburban experience Tracing major forms of suburban associations racial divisions property lines the family and ethnic fealty these works depict a different mode of interaction than the stereotypical white picket fences Joseph George draws from philosophers such as Emmanuel Levinas and Roberto Esposito to argue that these fictions assert a critical hospitality that frustrates the limited forms of association on which suburbia is based This fiction in turn posits an ethical form of community that comes about when people share space

together     **My Blue Heaven** Becky M. Nicolaides,2002-05-02 In the 1920s thousands of white migrants settled in the Los Angeles suburb of South Gate Six miles from downtown and adjacent to Watts South Gate and its neighboring communities served as L A s Detroit an industrial belt for mass production of cars tires steel and other durable goods Blue collar workers built the suburb literally from the ground up using sweat equity rather than cash to construct their own homes As Becky M Nicolaides shows in My Blue Heaven this ethic of self reliance and homeownership formed the core of South Gate s identity With post World War II economic prosperity the community s emphasis shifted from building homes to protecting them as residents tried to maintain their standard of living against outside threats including the growing civil rights movement through grassroots conservative politics based on an ideal of white homeowner rights As the citizens of South Gate struggled to defend their segregated American Dream of suburban community they fanned the flames of racial inequality that erupted in the 1965 Watts riots     **Cold War Film Genres** Homer B.
