

THE KING'S WORKS IN WALES

1277 – 1330

The Kings Works In Wales 1277 133

David Bindman, Tim Ayers

The Kings Works In Wales 1277 133:

The King's Works in Wales, 1277-1330 Arnold Joseph Taylor, 1974 Description of some of the inscriptions from the Tower of London *Routledge Revivals: Medieval Archaeology (2001)* Pam J. Crabtree, 2017-07-05 First published in 2001 this is the first reference work to cover the archaeology of medieval Europe No other reference can claim such comprehensive coverage from Ireland to Russia and from Scandinavia to Italy the archaeology of the entirety of medieval Europe is discussed With coverage ranging from the fall of the western Roman empire in the 5th century CE through the end of the high Middle Ages in 1500 CE *Medieval Archaeology An Encyclopedia* answers the needs of medieval scholars from a variety of backgrounds including archaeologists historians and classicists Featuring over 150 entries by an international team of leading archaeologists this unique reference is soundly based on the most important developments and scholarship in this rapidly growing field **The Principality of Wales in the Later Middle Ages: South Wales, 1277-1536** Ralph Alan Griffiths, 1972 **The Parliamentary Debates (official Report).** Great Britain. Parliament. House of Commons, 1921 Contains the 4th session of the 28th Parliament through the 1st session of the 48th Parliament **Castles, Town Defences, and Artillery Fortifications in Britain** John R. Kenyon, 1978 **Welsh Castle Builders** John Marshall, 2022-12-02 The Edwardian castles of north Wales were built by a Savoyard master mason but also by many other artisans from Savoy What is more extraordinary is that the constables of Flint Rhuddlan Conwy and Harlech were also Savoyards the Justiciar and Deputy Justiciar at Caernarfon were Savoyards and the head of the English army leading the relief of the sieges of Flint and Rhuddlan was a future Count of Savoy The explanatory story is fundamentally of two men the builder of castles Master James of St George and Justiciar Sir Othon de Grandson and the relationship of these two men with King Edward I But it is also the story of many others a story that begins with the marriage of Alianor de Provence to Edward's father Henry III and the influx of her kinsmen to England such as Pierre de Savoie It is impossible to understand the development of the castles in north Wales without an understanding of the Savoyards where they came from and their impact on English and Welsh history The defining work of Arnold Taylor in exploring the Savoyard history of Welsh castles is now many years past and mostly out of print it is time for the story to be revisited and expanded upon in the light of new evidence **CBA Research Report**, 1978

Thou Art the Man Ruth Mazo Karras, 2021-04-30 How do we approach the study of masculinity in the past Ruth Mazo Karras asks Medieval documents that have come down to us tell a great deal about the things that men did but not enough about what they did specifically as men or what these practices meant to them in terms of masculinity Yet no less than in our own time masculinity was a complicated construct in the Middle Ages In *Thou Art the Man* Karras focuses on one figure King David who was important in both Christian and Jewish medieval cultures to show how he epitomized many and sometimes contradictory aspects of masculine identity For late medieval Christians he was one of the Nine Worthies held up as a model of valor and virtue for medieval Jews he was the paradigmatic king not just a remnant of the past but part of a living heritage

In both traditions he was warrior lover and friend founder of a dynasty and a sacred poet But how could an exemplar of virtue also be a murderer and adulterer How could a physical weakling be a great warrior How could someone whose claim to the throne was not dynastic be a key symbol of the importance of dynasty And how could someone who dances with slaves be noble Exploring the different configurations of David in biblical and Talmudic commentaries in Latin Hebrew and vernacular literatures across Europe in liturgy and in the visual arts Thou Art the Man offers a rich case study of how ideas and ideals of masculinity could bend to support a variety of purposes within and across medieval cultures

The Complete Peerage of England, Scotland, Ireland, Great Britain and the United Kingdom: Rickerton to Sisonby George Edward Cokayne, 1949

The Complete Peerage of England, Scotland, Ireland, Great Britain, and the United Kingdom George Edward Cokayne, 1949

War, Justice, and Public Order Richard W. Kaeuper, 1988 This is a study of two topics of central importance in late medieval history the impact of war and the control of disorder Making war and making law were the twin goals of the state and the author examines the effect of the evolution of royal government in England and France Ranging broadly between 1000 and 1400 he focuses principally on the period c 1290 to c 1360 and compares developments in the two countries in four related areas the economic and political costs of war the development of royal justice the crown's attempt to control private violence and the relationship between public opinion and government action He argues that as France suffered near breakdown under repeated English invasions the authority of the crown became more acceptable to the internal warring factions whereas the English monarchy unable to meet the expectations for internal order which arose partly from its own ambitious claims to be keeper of the peace had to devolve much of its judicial powers In these linked problems of war justice and public order may lie the origins of English constitutionalism and French absolutism
