**The History of The Knights Templars, The Temple Church, and The Temple** Charles G Addison,2024-04-18 The warrior knights of the cross The Knights Templar were one of the most famous Christian military orders of the medieval period Officially endorsed by the church in the early decades of the 12th century the express purpose of the order was to provide defence and protection to Christian pilgrims The concept became a popular one and with patronage came wealth and power so that the order through a substantial infrastructure of non warrior members spread throughout Europe promoting its objectives developing financial institutions and building fortification on a grand scale However the Knights Templar are especially remembered today for the prowess of their military knights Clad in white mantles bearing the distinctive red cross the Templars both attracted and created some of the most expert and effective fighting men of their time Naturally the order was closely connected to the Holy Land and with the Crusades For some two hundred years it fought the forces of Islam for dominance of Jerusalem experiencing mixed fortunes in dozens of actions and major battles The eventual loss of the Holy Land could do no other than promote a decline in their fortunes and indeed the support for the Templars Furthermore the order's wealth and its independent structure wielding power outside state and church inevitably made it a target for both suspicion and dissolution The end came in 1312 in a welter of torture bloodshed and burnings at the stake The legend has lived on however and today the times of Knights Templar are to many more intriguing and evocative than ever Print ed

**The History of the Knights Templars** Charles G. Addison,2012-02-16 The extraordinary and romantic career of the Knights Templars their exploits and their misfortunes render their history a subject of peculiar interest Born during the first fervour of the Crusades they were flattered and aggrandized as long as their great military power and religious fanaticism could be made available for the support of the Eastern church and the retention of the Holy Land but when the crescent had ultimately triumphed over the cross and the religio military enthusiasm of Christendom had died away they encountered the basest ingratitude in return for the services they had rendered to the christian faith and were plundered persecuted and condemned to a cruel death by

**The History of the Knights Templars, the Temple Church, and the Temple** C. G. Addison,2016-04-12 The extraordinary and romantic institution of the Knights Templars those military friars who so

strangely blended the character of the monk with that of the soldier took its origin in the following manner On the miraculous discovery of the Holy sepulchre by the Empress Helena the mother of Constantine about 298 years after the death of Christ
