The Lanahan Readings in Civil Rights and Civil Liberties David M. O'Brien, 1999 *The Lanahan Readings in Government, Ethics and the Military* Thomas Richard Bendel, 2005-08

Man Is by Nature a Political Animal Peter K. Hatemi, Rose McDermott, 2024-05-31 In *Man Is by Nature a Political Animal* Peter K. Hatemi and Rose McDermott bring together a diverse group of contributors to examine the ways in which evolutionary theory and biological research are increasingly informing analyses of political behavior. Focusing on the theoretical methodological and empirical frameworks of a variety of biological approaches to political attitudes and preferences, the authors consider a wide range of topics including the comparative basis of political behavior, the utility of formal modeling informed by evolutionary theory, the genetic bases of attitudes and behaviors, psychophysiological methods and research, and the wealth of insight generated by recent research on the human brain. Through this approach, the book reveals the biological bases of many previously unexplained variances within the extant models of political behavior. The diversity of methods discussed and variety of issues examined here will make this book of great interest to students and scholars seeking a comprehensive overview of this emerging approach to the study of politics and behavior.

The Lanahan Readings in State & Local Government John R. Baker, 2001 **The European Union** Walter van Gerven, 2005-03-21

This book provides a general introduction to the European Union (EU) as an ever closer union of states and peoples. It describes how, from its origin in 1958 as an economic community of six states, the EU has grown into a political entity of 25 states with a population of more than 450 million. It also explains the constitution-making process that is currently taking place, with a draft constitution now being submitted for ratification by the 25 member states. The book shows how the distinctive features of a democratic polity that characterize the separate EU member states are gradually replicated in the European Union and how the Union is on its way to becoming a democratic polity of its own kind. Van Gerven writes from a legal perspective, with an eye to political theory and recent American and European history, and with a diverse readership from both sides of the Atlantic in mind.

The Lanahan Readings in the Psychology of Women Tomi-Ann Roberts, 1997 **The Charter Revolution and the Court Party** F.L. Morton, Rainer Knopff, 2000-04 Here finally is a book that unveils the politics that infuse Canadian courts and their decisions and warns us of the effects of a judicialized politics on our democratic traditions. Leslie A Pal Carleton University American Book Publishing Record, 2001 **Devolution and Black State Legislators**

Tyson King-Meadows, Thomas F. Schaller, 2012-02-01 Devolution and Black State Legislators examines whether black state legislators can produce qualitative gains in the substantive representation of black interests. Once a battle cry by southern conservatives, new federalism has shifted power from Washington to the respective state governments and ironically has done so as black state legislators grow in number. Tyson King Meadows and Thomas F. Schaller look at the debates surrounding black political incorporation, the tradeoffs between substantive and descriptive representation, racial redistricting, and the impact of black legislators on state budgetary politics. They situate contemporary constraints on black state elites as the union of macro and micro level forces which allows for a reconsideration of how the idiosyncrasies of political, economic, and geographic culture converge with the internal dynamics of state legislative processes to produce particular environments. Interviews with black legislators provide valuable insights into how such idiosyncrasies may deprive institutional advancement committee assignments, chairmanships, and party leadership positions of the influence it once afforded.

Books in Print, 1991 **Affirmative Action as We Don't Know it** Daniel N. Lipson, 2002 **The Politics**

of Medicaid Laura Katz Olson, 2010-06-02 Examining the social, political, and economic factors that have shaped Medicaid, the author of *The Political Economy of Aging: The State, Private Power, and Social Welfare* helps readers understand the powerful interests that cause costs to swell and hold elected officials hostage.

Feeding Frenzy Larry Sabato, 2000

Idaho Politics and Government Jasper M. LiCalzi, 2019 Examining politics in Idaho through the lens of ideology, i.e., conservative versus liberal or partisanship, i.e., Democrat versus Republican, does not illuminate the more fundamental dynamics of the state's political environment. Unlike other states that are divided on partisan or traditional ideological lines, Idaho tends to be divided between its libertarian and communitarian visions of the role of government and the place of the individual in society. In *Idaho Politics and Government*, Jasper M. LiCalzi examines the complex world of Idaho politics where morality dominates but a heartily libertarian strain of individualism keeps lawmakers from falling into the liberal versus conservative dialogue prevalent in other states. After opening with the ultrasound bill failure as a recent example of Idaho's political culture, LiCalzi traces the influence of individuals and party factions from the 1960s through the present before moving on to the inner workings of government itself with all its institutions and extra governmental extensions. He closes with another recent Idaho bill concerning the topics of child support and Sharia Islamic law, giving readers yet another glimpse of the workings of Idaho politics and the continuing clash between the community and the individual. Presenting a continuum of political views from an emphasis on the individual personified by Thomas Jefferson to a focus on community personified by Alexander Hamilton, LiCalzi provides a new method for understanding political actions and situations in Idaho.
