*The Landry Legend* Bob St. John, 1989 St John explores what makes Tom Landry coach of the Dallas Cowboys for 29 years such an example of Christian principles    Lombardi and Landry Ernie Palladino, 2011-09-01 Vince Lombardi and Tom Landry could not have had two more divergent personalities Yet while working for the New York Giants in the mid 1950s under head coach Jim Lee Howell the pair formed what still stands as the greatest set of coordinators on one team Given their personalities one might have likened Howell's job to that of Dwight Eisenhower's as the general struggled to control the egos and politics of his allied subordinates during WWII But for some reason Lombardi and Landry worked almost seamlessly leading the Giants to the top of the NFL In the five seasons the two men coached together between 1956 and 1959 the Giants appeared in three championship games winning the NFL title in 56 Both coaches would go on to NFL stardom Lombardi with the Green Bay Packers and Landry with the Dallas Cowboys But it was during their years as Giants coordinators that they developed the coaching philosophies they would employ later in their careers For Lombardi it was the reliance on the running game that started with Frank Gifford and would continue in the Packers Sweep days of Paul Hornung For Landry it was his own invention of the 4 3 defense that led to the Flex defense of his Super Bowl winners in Dallas How they developed their ideas and how they were allowed to implement them was a testament not only to their genius but Howell's willingness to let them handle the strategic matters while he looked after the big picture In Lombardi and Landry veteran sportswriter Ernie Palladino takes an in depth look at these two legends formative years in New York offering up a vivid revealing portrait of two brilliant coaches just coming into an understanding of their formidable powers    **Stars at War** Marvin D.

Pipher, 2022-11-30 This book outlines the lives and achievements of one hundred entertainers and athletes mostly Americans who served their nations well both in times of war and in times of peace It spans the period from the Spanish American War 1898 up to 2020 but concentrates most heavily on World War II The book was initiated in response to an apparent difference noted between the reactions of entertainers and athletes to the events of September 11 2001 and those following the attack on Pearl Harbor on December 7 1941 It began as an effort to understand who those earlier people were what they did and why to identify the one hundred who did the most during World War II and to rank them in accordance with their achievements This proved to be an impossible task since there was no way to identify the one hundred and there was no common basis for comparison some were truly heroic some were wounded and some killed while others simply served to the best of their abilities The best that could be done was to categorize the men and women selected and subjectively rank them with their peers Over time this effort expanded to be more inclusive touching lightly upon the Spanish American War World War I the Korean War Vietnam the war on terror and upon more recent events Some of those presented herein served before becoming famous some after some volunteered and some were drafted while others served as civilians in their chosen fields Two became presidents of the United States Three won the Congressional Medal of Honor Aside from their service however

these were truly remarkable men and women whose stories deserve to be told if for no other reason than to give us a glimpse into the kinds of people who made the United States the greatest nation in the history of the world **The Dallas Cowboys** Joe Nick Patoski,2012-10-09 The definitive must have account of the all time players coaches locker rooms and boardrooms that made the Dallas Cowboys America's Team Since 1960 the Cowboys have never been just about football From their ego driven owner and high profile players to their state of the art stadium and iconic cheerleaders the Cowboys have become a staple of both football and American culture since the beginning For over 50 years wherever the Cowboys play there are people in the stands in all their glory thousands of jerseys hats and pennants all declaring the love and loyalty to one of the most influential teams in NFL history Now with thrilling insider looks and sweeping reveals of the ever lasting time place and culture of the team Joe Nick Patoski takes readers both fans and rivals alike deep into the captivating world of the Cowboys
