

# Happiness Levels

The Gallup World Poll asks respondents in each country to rate their current life on a scale from 0-10, ranking from highest to lowest.

Each country is scored out of 10 based on self-reported measures of well-being and happiness. See the World Happiness Report 2024 for the full methodology.

Note: Scores are based on individuals' own assessments of their lives, in particular their answers to the single-item Control ladder life-evaluation question.
