[With] Index Charles Hodge, 1871      *Christian Dogmatics* Johannes Jacobus van Oosterzee, 1878      *This Side of the Whirlwind* Steven R. Harrel, 2016-04-15 Christians are being deceived Until now the Body of Christ has enjoyed less than the whole truth regarding The End Times in fact less than half Is it any wonder the current End Times doctrines are so muddled and missing volumes of prophetic information Discover why the prophets Daniel and John concealed important End Times facts Learn the significance of the Great Consummation message the second half to the Covenant of Jesus Christ Confront the final chapters which unveil the grand conclusion to Gods extraordinary plans for the greatest story ever told This Side of the Whirlwind provides evidence our world is heading for more than a single apocalypse Information within its pages will certify the Great Tribulation is neither Gods Wrath nor His plan for Christs return Uncover previously hidden biblical facts which confirm the first apocalypse will forcefully separate True Christians the Sheep from the Goats Recent revelation will also prove the Rapture cannot take place before the tribulation period has been fulfilled thus negating any possibility a Pre tribulation Rapture event could exist All this and more will be firmly established and confirmed in This Side of the Whirlwind      **Cincinnati Public Library**, 1884      **The National Union Catalog, Pre-1956 Imprints**, 1968      The Bible; is it "the Word of God?" be useless to think of making an impression in any other way but as to dogmatical proscriptiveness or disrespect to those entertaining different Opinions nothing was further from the author's feelings or from the design of his book Nevertheless the revision has removed some passages and modified others which perhaps were liable to misconstruction in these particulars If any thing remains which might reasonably disturb the most kindly feelings and relations with those who see things in a different light the author is not conscious Of it and does not so intend it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
