Radio Moments David Lloyd, 2017-09-26 In the 1970s 80s and 90s Britain witnessed what many in the business saw as the second great age of radio It was a period when FM radio blossomed and local stations opened and broadcast across the land It was a step away from the output of the national broadcaster the BBC which had held a monopoly on the airways since its inception Broadcaster station manager and regulator for over forty years David Lloyd was very much a part of this revolution and is amongst his peers well placed to tell that story Lloyd describes the period as one of innovation his aim to create a timeline of radio of this era through to the present day to capture those heady days the characters the fun and heartache life on the air life off the air And to revisit those station launches company consolidations the successes and the failures Told with the insight of an insider with his characteristic wit and a huge dollop of nostalgia David Lloyd brings to life a unique age in broadcasting in this fascinating account David Lloyd has spent a lifetime in radio and has worked with some of the UK's biggest names An award winning broadcaster he was part of the first wave of commercial radio in the 1980s He later joined the Radio Authority where he was given responsibility for overseeing compliance across the commercial radio industry A Fellow of the Radio Academy he has been MD and Programme Director of LBC a programmer for Virgin Radio and a BBC manager and broadcaster He was until recently Group Editorial Director at Orion Media
