fiction xiaoshuo published between 1898 and 1927 three pivotal decades during which China underwent significant social changes. It applies Narratology and Sociology of the Novel methods to analyze both the texts themselves and the social cultural factors that triggered the transformation of the narrative mode in Chinese fiction. Based on empirical data the author argues that this transformation was not only inspired by translated Western fiction but was also the result of a creative transformation in traditional Chinese literature.

The Lady with the Camellias Alexandre Dumas, 1908 *The Lady with the Camellias (Classic Reprint)* Alexandre Dumas, 2017-10-17 Excerpt from *The Lady With the Camellias* I have always considered that to create imaginary personages one must have deeply studied mankind as in order to speak a language it is necessary to have learned it with care. Not having yet attained the age of invention I content myself with simple narration. I beg the reader therefore to believe in the reality of the present story of which all the characters except the heroine are actually living at this moment. There are also in Paris witnesses of the greater part of the facts which I have placed on record and their testimony can be added to my own should the latter be deemed insufficient. Owing however to an accidental and personal circumstance I am the only possessor of the essentials for writing this narrative because to me alone were confided those final details Without which it would be impossible to render the tale either interesting or complete. The Lady of the Camellias Edmund Gosse, 2015-07-13 Excerpt from The Lady of the Camellias Translated From the French With a Critical Introduction With every man who has excelled in several directions but particularly in one there is a temptation for the observer of his work to slip immediately though unconsciously to that section of it in which his qualities are seen in most brilliant perfection The younger Dumas was successful as a novelist as a pamphleteer and as a playwright but his successes were so numerous and so sparkling on the boards of the theatre that they outdazzled the rest If we speak of Dumas fils we are apt to be thinking of the author of Denise and of Francillon we leap over everything else which he has written and settle on the problem plays of the seventies Even his most famous novels were turned into not less famous dramas and if we describe La Dame aux Camelias and L'Affaire Clemenceau we have to be very careful to mention that it is the stories not the pieces to which we refer About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections

In my opinion it is impossible to create characters until one has spent a long time in studying men as it is impossible to speak a language until it has been seriously acquired. Not being old enough to invent I content myself with narrating and I beg the reader to assure himself of the truth of a story in which all the characters with the exception of the heroine are still alive. Eye witnesses of the greater part of the facts which I have collected are to be found in Paris and I might call upon them to confirm me if my testimony is not enough. And thanks to a particular circumstance I alone can write these things for I alone am able to give the final details without which it would have been impossible to make the story at once interesting and complete.
