## **The Land Leviathan:**

**Consider Leviathan** Brian R. Doak,2014-11-01 Theologians and philosophers are turning again to questions of the meaning or non meaning of the natural world for human self understanding Brian R Doak observes that the book of Job more than any other book in the Bible uses metaphors drawn from the natural world especially of plants and animals as raw material for thinking about human suffering Doak argues that Job should be viewed as an anthropological ground zero for the traumatic definition of the post exilic human self in ancient Israel Furthermore the battered shape of the Joban experience should provide a starting point for reconfiguring our thinking about natural theology as a category of intellectual history in the ancient world Doak examines how the development of the human subject is portrayed in the biblical text in either radical continuity or discontinuity with plants and animals Consider Leviathan explores the text at the intersection of anthropology theology and ecology opening up new possibilities for charting the view of nature in the Hebrew Bible     [Science Fiction and Fantasy Literature](#) R.
