McLean, Brandon Sparkman, 2011-09-21 Jackson Mississippi was the last place Dr Brandon Sparkman would have chosen to work back in 1970 But an anonymous threatening letter lured him there In this memoir and historical documentary Sparkman narrates what it was like to try to ensure a quality education for all students in Jackson and to save the schools from complete chaos and destruction during the height of desegregation Called to Jackson Mississippi The Last Bastion of Segregation tells how as a school administrator he regularly faced rebellious communities hostile parents disruptive students defiant elected officials unreasonable judges and occasionally the Ku Klux Klan It describes how he confronted the most hated man in the state and how he courageously took the Governor of Mississippi to court while dismantling the last bastion of segregated schools This historical account of the excruciating birth of desegregation in Jackson is revealed in a description of people and events that changed America forever *The Last Bastion of Civilization* Andrew Blencowe, 2016 The Last Bastion of Civilization is a scenario analysis in the form of a series of letters and essays from various intellectuals and leading figures written in 2041 Extrapolating from present day events it chronicles the rise of Japan as the leading superpower of the world by examining relevant economic cultural and technological advancements Coupled with the rise of Japan is the fall of Western society in the wake of massive riots depressions and an overall decline in the quality of life Widespread unemployment rising illegitimacy and moral and spiritual decline have led the formerly great United States into a period of extreme mob driven violence Europe meets a similar fate coupled with a decline in the euro and the defaulting of banks As a work of speculative fiction The Last Bastion of Civilization offers a critically insightful look at a possible future a future that will not seem far off from the truth [Life of captain Stephen Martin \[by S.
