

THE LAST MOUNTAIN? ANDREW STEVENSON IN AMERICAN POLITICS

BY ROBERT M. STEVENS

The Last Puritan Adlai Stevenson In American Politics National University

Brendan G. Carr

The Last Puritan Adlai Stevenson In American Politics National University:

The Last Puritan? Rodney M. Sievers, 1983 Organized Labor and American Politics, 1894-1994 Kevin Boyle, 1998-10-15 Organized Labor and American Politics 1894 1994 traces the rise and fall of labor's power over the course of the twentieth century. It does so through provocative and engaging essays written by distinguished scholars of the modern labor movement. The essays focus on different times and places from turn of the century steel mills to the streets of 1930s Detroit to the halls of Congress in the 1990s. Drawing on a broad range of primary sources, the authors adopt a variety of approaches from broad syntheses to careful case studies. Altogether, the essays tell a single story of workers struggling to find a voice for themselves and their unions within the nation they helped to build. It is a story of victories won and of defeats endured.

The Last Puritan? Rodney M. Sievers, 1983 **Lincoln's Lost Legacy** Simon Topping, 2008 Examines how the Republican Party lost black voters, what they did to try to retain them and win them back, and why they failed. This book looks at the making of politics and policy and also at the relationships between African Americans and political parties, revealing how political decisions can carry repercussions for society.

Spellbound Molly Worthen, 2025-05-27 What happens when Americans lose faith in their religious institutions and politicians fill the void? From the Puritans to Donald Trump, this sweeping history will change your understanding of the forces that create leaders and hold their followers captive. Elegant and insightful, *Spellbound* is an important contribution to the urgent project of understanding America in our time.

Jon Meacham: Everyone feels it. Cultural and political life in America has become unrecognizable and strange. Firebrands and would-be sages have taken the place of reasonable and responsible leaders. Nuanced debates have given way to the smug confidence of yard signs. How did we get here? In *Spellbound*, historian Molly Worthen argues that we will understand our present moment if we learn the story of charisma in America. From the Puritans and Andrew Jackson to Black nationalists and Donald Trump, the saga of American charisma. Worthen argues stars figures who possess a dangerous and alluring power to move crowds. They invite followers into a cosmic drama where hopes are fulfilled and grievances are put right, and these charismatic leaders insist that they alone plot the way. The story of charisma in America reveals that when traditional religious institutions fail to deliver on their promise of a meaningful life, people will get their spiritual needs met in a warped cultural and political landscape dominated by those who appear to have the power to bring order and meaning out of chaos. Charismatic leaders address spiritual needs, offering an alternate reality where people have knowledge, power, and heroic status, whether as divinely chosen instruments of God or those who will restore national glory. Through Worthen's centuries-spanning historical research, *Spellbound* places a crucial religious lens on the cultural, economic, and political upheavals facing Americans today.
