The Ladys Hard To Get:

The Lady's Hard to Get Eric Levinson,2000-04 After reading numerous books pertaining to the issue of how an individual might defend themselves against attack I became curious as to why the authors really wanted their readers or students to be attacked Perhaps it was an ego thing Perhaps they wanted to demonstrate the superiority of their own martial art or style Perhaps they wished to promote their own books as a vehicle to solicit students All of the above seem acceptable to me in that knowledge gained is worth the effort Upon meeting several of these authors it became clear to me they had never even considered detection and prevention as being perfectly acceptable alternatives to having a direct confrontation Detection is something few people ever consider They are not trained in that area Why should they be They feel they are reactive and have extreme confidence in their combative skills This is a very dangerous misconception If you think you must change your habits or lifestyle to protect yourself from becoming a victim not so Remember I am going to instruct you on how to avoid becoming a victim that will be quite painless You already have the pre conditioning necessary to become extremely effective with minimal effort on your part The only other requisites will be your ability to see and analyze So with good eyesight and a fairly good brain you have all the weapons necessary to combat becoming a victim Later on in the book I discuss the phenomena of Reflex Reacting This is why I know you will rapidly and logically learn and more importantly retain the skills I am going to teach you
