**The Language of Love**, 1991    [The Language of the Heart](#) Edd George Ergo Espinosa, 2009-04 THE LANGUAGE OF THE HEART Love Poems and Passions The feeling of love respects no boundary of expression in a heart to heart intimacy between two souls. Love is love no matter how long or short its sojourn in the life of a person no matter how deep or shallow its degree or no matter how wide or narrow the space it occupies in one's heart. Truly love is love no matter how it is expressed in different passions sharing caring giving receiving laughing hurting leaving pleading crying forgiving or even losing and getting it back again and again. Love never changes its effects and color the happiness and contentment in the heart and soul of its beholder. THE LANGUAGE OF THE HEART Love Poems and Passions is a genuine expression of the feelings that have occurred or are presently occurring in the author's heart. Who can argue those feelings? Surely nobody can except the creator himself of those beautiful and soul guided verses which originated directly from the center of his heart. Many of the poems included in the book have been published in various magazines and school papers as well as cited a number of times. The Editor's Choice Award of the International Library of Poetry. The book exemplifies the unique and vicarious expression of the author's artistic interest and unique passion in poetic artistry. The poems are rich in interweaving figures of speech and in the use of descriptive words and phrases that turn abstract insights and emotions into concrete thoughts and feelings. **Spanish Golden Age** Isabel Torres,2013 This work engages with a broader evaluation of early modern poetics that foregrounds the processes rather than the products of thinking The locus of the study is the Imperial home space where love poetry meets early modern empire at the inception of a very conflicted national consciousness and where the vernacular language Castilian emerges in the encounter as a strategic site of national and imperial identity The political is therefore a pervasive presence teased out where relevant in recognition of the poet's sensitivity to the ideologies within which writing comes into being But the primary commitment of the book is to lyric poetry and to poets individually and in their dynamic interconnectedness Moving beyond a re evaluation of critical responses to four major poets of the period Garcilaso de la Vega Herrera Gonzaga and Quevedo this study disengages respectfully with the substantial body of biographical research that continues to impact upon our understanding of the genre and renegotiates the Foucauldian concept of the epistemic break
