The Last Continent A Novel:

My Last Continent Midge Raymond, 2016-06-21 This unforgettable debut set against the dramatic Antarctic landscape is refreshingly different vivid and immediate Midge Raymond has an extraordinary gift for description that puts the reader bang in the middle of its dangerous and endangered world M L Stedman New York Times bestselling author of *The Light Between Oceans* It is only among the glacial mountains cleaving icebergs and frigid waters of Antarctica that Deb Gardener and Keller Sullivan feel at home For a few blissful weeks each year they study the habits of Emperor and Adelie penguins and find solace in their work and in one another But Antarctica like their fleeting romance is a fragile place imperiled by the world to the north Each year Deb and Keller play tour guide to the passengers on the small expedition ship that ferries them to their research station But this year when Keller fails to appear on board Deb begins to reconsider their complicated past and the uncertainty of any future they might share Then shortly into the journey Deb's ship receives an emergency signal from *The Australis* a cruise liner that has hit desperate trouble in the ice choked waters of the Southern Ocean Soon Deb's role will change from researcher to rescuer among the crew of that sinking ship Deb learns is Keller As Deb and Keller's troubled histories collide in this original and entirely authentic love story Graeme Simsion author of *The Rosie Project* Midge Raymond takes us on an unforgettable voyage deep into the wonders of the Antarctic and the mysteries of the human heart *My Last Continent* is a sensitive exploration of how the smallest action can ripple through an ecosystem seemingly impenetrable but as fragile as the human heart *The Minneapolis Star Tribune* Atmospheric and adventurous The story and vivid writing will keep readers glued to the pages *Library Journal*

The Last Continent Terry Pratchett, 2016-10-20 A beautiful hardback edition of the classic Discworld novel Anything you do in the past changes the future The tiniest little actions have huge consequences You might tread on an ant now and it might entirely prevent someone from being born in the future There's nothing like the issue of evolution to get under the skin of academics Even if their field of expertise is magic rather than biology With the best and most interfering minds of Unseen University somehow left in charge at a critical evolutionary turning point the Discworld's last continent needs a saviour Who is this hero striding across the red desert Sheep shearer beer drinker bush ranger and someone who'll even eat a Meat Pie Floater when he's sober In fact it's Rincewind a wizard so inept he can't even spell wizard He's the only hero left Still no worries eh **Interesting Times**

Terry Pratchett, 2008-12-05 There is a curse They say may you live in interesting times This is the worst thing you can wish on a citizen of Discworld Especially for the magically challenged Rincewind who has already had far too much excitement in his life Unfortunately the unlucky wizard always seems to end up in the middle of well absolutely everything So when a request for a Great Wizzard arrives from the faraway Counterweight Continent it's obviously Rincewind who's sent For one thing he's the only one who spells wizard that way Once again Rincewind is thrown headfirst into a dangerous adventure For the oldest empire on the Disc is in turmoil and Chaos is building And for some reason someone believes Rincewind will have

a vital role in the coming war Pratchett is a comic genius Daily Express Funny delightfully inventive and refuses to lie down in its genre Observer Interesting Times is the fifth book in the Wizards series but you can read the Discworld novels in any order

Unseen Academicals Terry Pratchett, 2009-11-10 We play and are played and the best we can hope for is to do it with style Football has come to the ancient city of Ankh Morpork And now the wizards of Unseen University must win a football match without using magic so they're in the mood for trying everything else To do this they recruit an unlikely group of players Trev a street urchin with a talent for kicking a tin can Glenda the night chef who makes a mean pie Juliet the kitchen hand turned world's greatest fashion model and the mysterious Mr Nutt who has something powerful and dark locked away inside him And the thing about football the important thing about football is that it is not just about football Here we go here we go here we go This isn't just football it's Discworld football Or to borrow another phrase it's about life the Universe and everything The Times No one mixes the fantastical and mundane to better comic effect Daily Mail Unseen Academicals is the seventh book in the Wizards series but you can read the Discworld novels in any order

The Turtle Moves! Lawrence Watt-Evans, 2008-07-01 After growing from humble beginnings as a Sword Sorcery parody to more than 30 volumes of wit wisdom and whimsy the Discworld series has become a phenomenon unlike any other Now in *The Turtle Moves* Lawrence Watt-Evans presents a story by story history of Discworld's evolution as well as essays on Pratchett's place in literary canon the nature of the Disc itself and the causes and results of the Discworld phenomenon all refreshingly free of literary jargon littered with informative footnotes Part breezy reference guide part droll commentary *The Turtle Moves* will enlighten and entertain every Pratchett reader from the casual browser to the most devout of Discworld's fans
