The Last Continent Complete Unabridged:

Unseen Academicals Terry Pratchett, 2009-11-10 We play and are played and the best we can hope for is to do it with style Football has come to the ancient city of Ankh Morpork And now the wizards of Unseen University must win a football match without using magic so they re in the mood for trying everything else To do this they recruit an unlikely group of players Trev a street urchin with a talent for kicking a tin can Glenda the night chef who makes a mean pie Juliet the kitchen hand turned world s greatest fashion model and the mysterious Mr Nutt who has something powerful and dark locked away inside him And the thing about football the important thing about football is that it is not just about football Here we go here we go here we go This isn t just football it s Discworld football Or to borrow another phrase it s about life the Universe and everything The Times No one mixes the fantastical and mundane to better comic effect Daily Mail Unseen Academicals is the seventh book in the Wizards series but you can read the Discworld novels in any order Interesting Times Terry Pratchett, 2008-12-05 There is a curse They say may you live in interesting times This is the worst thing you can wish on a citizen of Discworld Especially for the magically challenged Rincewind who has already had far too much excitement in his life Unfortunately the unlucky wizard always seems to end up in the middle of well absolutely everything So when a request for a Great Wizzard arrives from the faraway Counterweight Continent it s obviously Rincewind who s sent For one thing he s the only one who spells wizard that way Once again Rincewind is thrown headfirst into a dangerous adventure For the oldest empire on the Disc is in turmoil and Chaos is building And for some reason someone believes Rincewind will have a vital role in the coming war Pratchett is a comic genius Daily Express Funny delightfully inventive and refuses to lie down in its genre Observer Interesting Times is the fifth book in the Wizards series but you can read the Discworld novels in any order
