## The Last Generation:

*End Time Rewind: An Exploration In Bible Prophecy And The Fate Of The World* Steven Sabatino, Remember when End Time Rewind warned you not to fall for the Doomsday Rapture theories of Dispensational Premillennialism and their Zionist partners Well now that we ve survived John Hagee s Four Blood Moons Jonathan Cahn s Super Shemitah and the menacing tentacles of the now defunct European Union and Islamic State the supposed Beast Kingdoms of Revelation 17 the Futurist s next false claim centers around the 70 year anniversary of Israel s founding Is the Jewish State really the prophetic clock by which God aligns world events and the return of Christ Many Doomsday Rapture forecasts have been put forth in the name of Futurism since the 2nd century AD none of which have come to fruition This is disconcerting because failed predictions and false expectations promoted by our Christian counterparts diminishes the credibility of the Bible and scars the reputation and integrity of the Prophetic Office of Jesus Christ The age old tried and true Orthodox aka Partial or Classical Preterist approach maintains that the majority of Bible prophecies were already fulfilled by the end of the first century AD and included Jesus appearing in an Old Testament styled non physical manifestation with power and great glory All that remains to be accomplished in the future is for Jesus Christ to physically return to raise the dead which is when the rapture also occurs preside over the final judgment and create a new heaven and earth devoid of sin and death where the new and holy Jerusalem from heaven descends as per Revelation 20 7 Revelation 22 5     *The Last Days According to Jesus* R. C.

Sproul,2000-10 Analyzes what Jesus said about when he would return and the last days would arrive as in Matthew 24 34 Defends the trustworthiness of Jesus teachings     **Killing for the Republic** Steele Brand,2019-09-10 How Rome s citizen soldiers conquered the world and why this militaristic ideal still has a place in America today For who is so worthless or indolent as not to wish to know by what means and under what system of polity the Romans succeeded in subjecting nearly the whole inhabited world to their sole government a thing unique in history Polybius The year 146 BC marked the brutal end to the Roman Republic s 118 year struggle for the western Mediterranean Breaching the walls of their great enemy Carthage Roman troops slaughtered countless citizens enslaved those who survived and leveled the 700 year old city That same year in the east Rome destroyed Corinth and subdued Greece Over little more than a century Rome s triumphant armies of citizen soldiers had shocked the world by conquering all of its neighbors How did armies made up of citizen soldiers manage to pull off such a major triumph And what made the republic so powerful In Killing for the Republic Steele Brand explains how Rome transformed average farmers into ambitious killers capable of conquering the entire Mediterranean Rome instilled something violent and vicious in its soldiers making them more effective than other empire builders Unlike the Assyrians Persians and Macedonians it fought with part timers Examining the relationship between the republican spirit and the citizen soldier Brand argues that Roman republican values and institutions prepared common men for the rigors and horrors of war Brand reconstructs five separate battles representative moments in Rome s constitutional and cultural evolution that saw its citizen

soldiers encounter the best warriors of the day from marauding Gauls and the Alps crossing Hannibal to the heirs of Alexander the Great A sweeping political and cultural history Killing for the Republic closes with a compelling argument in favor of resurrecting the citizen soldier ideal in modern America **Dick Fehnel** Richard Allen Fehnel,2009 Dick Fehnel worked as higher education consultant for the World Bank Ford Foundation and the Human Sciences Research Council He held the positions of acting representative 1998 1999 and programme officer 1993 2000 for the Ford Foundation Southern Africa after which he semi retired to Portland Oregon and continued to travel and consult until his death in May 2006 The transformation of South African higher education became his *raison d'etre* in the last stage of his career He loved participating in debates and seminars and was always responsive to funding requests for urgent transformation issues pertaining to the emerging new system Dick did not leave himself enough time to finish the last project of his career perhaps an unintended lesson for us During the period leading up to his ultimate deadline two to four weeks according to his doctor Dick dictated his thoughts while his wife Dorene transcribed completing a full circle from the start of their courtship when she used to type his term papers The lack of time deprived Dick of one of his favorite activities reflections leading to lessons
