Sell Instructor Edition Textbooks:

Instructor's Edition for Theatre Milly S. Barranger, 2001-08 **Writing and Developing Your College Textbook** Mary Ellen Lepionka, 2008 This is the comprehensively revised second edition of a popular professional book on textbook writing and finding one's way in the higher education publishing world for academic authors and editors, college instructors and instructional designers. The second edition has two new chapters on the latest industry trends such as the pricing revolt, open access movement and wiki textbook phenomenon and on the use of learning objectives to structure textbook package development. Every chapter features new sections, links, forms, models or examples from an even greater range of college courses. Contains updated and expanded appendices, glossary, entries, references, bibliography, entries and index. BISAC Language Arts Disciplines: Authorship and Publishing.

Instructor's Edition for Criminal Procedure Joel Samaha, 2001-07 Call to Write John Trimbur, 2008 With a focus on real world writing including diverse media, a treatment of visual literacy and an emphasis on the ethics of writing, the Fourth Edition of *The Call to Write* continues to break new ground in composition. Organized by genres: letters, memoirs, public documents, profiles, reports, commentaries, proposals and reviews, this innovative rhetoric gives students the practice they need to write both in college and in the public sphere. Connecting writing to everyday life including college and work, it shows students the impact of writing and gives them the skills to help them write well. A strong emphasis on public writing promotes civic involvement through writing to inform the public, to shape opinion, to advocate change and so on, while relevant provocative readings help students to understand the concept of being called to write in response to a personal, community or societal need.

Instructor's Edition for Criminal Law Samaha, 2001-06 *Instructor's Edition for World Civilization* Jackson J. Spielvogel, 2001-06 The Publishers' Trade List Annual, 1977 Instructor's Edition for Understanding Generalist Practice Kirst-Ashman, 2001-07 **Instructor's Edition for Mitchell's Roots of Wisdom** Helen Buss Mitchell, 2004-02 Instructor's Edition for Criminal Justice in America Cole, George F. Cole, 2001-06 Anthology of the American Short Story James Nagel, 2008 The stories collected in this book range from 1747 to 2005. They are listed chronologically to present the development of the art of the genre and the flow of ideas and themes that emerged over two centuries and they are organized into five historical sections reflecting major cultural transitions that changed literary interests. Intentional Integrity Robert Chesnut, Joan O'C. Hamilton, 2020-07-28 Silicon Valley expert Robert Chesnut shows that companies that do not think seriously about a crucial element of corporate culture, integrity, are destined to fail. Show of hands: who in this group has integrity? It's with this direct and often uncomfortable question that Robert Chesnut, General Counsel of Airbnb, begins every presentation to new employees. Defining integrity is difficult. Once understood as telling the truth and keeping your word, it was about following not just the letter but the spirit of the law. But in a moment when workplaces are becoming more diverse, global and connected, silence about integrity creates ambiguities about right and wrong that make everyone uncertain, opening the door

for the minority of people to rationalize selfish behavior Trust in most traditional institutions is down government religious organizations and higher education and there s a dark cloud hovering over technology But this is precisely where companies come in as peoples faith in establishments deteriorates they re turning to their employer for stability In *Intentional Integrity* Chesnut offers a six step process for leaders to foster and manage a culture of integrity at work He explains the rationale and legal context for the ethics and practices and presents scenarios to illuminate the nuances of thinking deeply and objectively about workplace culture We will always need governments to manage defense infrastructure and basic societal functions But Chesnut argues the private sector has the responsibility to use sensitivity and flexibility to make broader progress if they act with integrity Rob is an insider who s combined doing good with doing business well in two iconic Silicon Valley companies His book contains smart practical advice for anyone looking to do good and do well Reid Hoffman co founder of LinkedIn and author of *Blitzscaling* **Instructor's Edition for the Essential World History** William J. Duiker,2002 **Reading**
