## Tcw Korean War:

**The Korean War** Bud Hannings, 2007-09-18 This reference work is the definitive chronology of the Korean War. It covers in depth the day by day events major and minor of all combatants including the United States, Great Britain, South Korea and other UN allies North Korea, China and the Soviet Union. Truly comprehensive, it details the war in the air, at sea and on land with the actions of participating units, commanders and civilian leaders. Sixteen appendices provide significant statistics and supplemental information including Medal of Honor recipients, U.S. naval vessels, units and commanders of each American military branch, carrier deployments, casualty figures and aces. There are 464 photographs accompanying the text.

**The USAF in Korea** A. Timothy Warnock, 2000 In commemoration of the fiftieth anniversary of the Korean War, the U.S. Air Force USAF Historian commissioned the Research Division, Air Force Historical Research Agency (AFHRA), Maxwell Air Force Base, Alabama, to compile this chronology of significant events of USAF military operations in the Korean theater. The chronology points out the relationship of these operations to the land, battle, naval operations and important political and diplomatic events. It also identifies such USAF historical firsts as the first all jet air battle, the introduction of new weapons systems and the initiation of tactics, techniques or procedures that had a major impact on later air operations. The chronology also identifies important people including key commanders, recipients of the Medal of Honor and aces. Finally, it attempts to summarize those USAF events in Korea that best illustrate the air war and the application of air power in the theater.

The Origins of the Greek Civil War David H. Close, 1995 Spanning the transition from World War to Cold War, it offers a case study of the tensions played out across the ethnic and cultural faultlines of Europe at that time and how the major powers used them for their own ends.

The Origins of the First World War James Joll, 1992 An ambitious and wide ranging analysis of the historical forces at work in Europe of 1914 and the very different ways historians have subsequently attempted to understand them. The importance of the theme, the breadth and sympathy of the scholarship and the clarity of the writing all contributed to the spectacular success of the first edition. Now Professor Joll has revised his text, which has been reset in a more readable format. There is substantial new material on Italy and the war and a fully reworked bibliography.

*Mustangs Over Korea* David R. McLaren, 1999 *Mustangs Over Korea* is a documentary history of one of the most famous fighters ever built during a historically almost unrecognized war. Flown by four air forces in support of the United Nations, the F 51 Mustang dropped more napalm and fired more rockets than any other aircraft during that conflict and in the process suffered the highest number of losses. Told is the story of the bravery of the fighter-bomber pilots in the serious air-to-mud war against horrendous anti-aircraft fire and also the first swirling air battles against the vaunted MiG 15.
