

Step by Step Directions

Teaching Transitions

Step 1 Teach explicitly

- ❖ When establishing a transition, make it clear what you want the students to do:
 - ❖ How will their bodies move?
 - ❖ Where will they put supplies or classwork?
 - ❖ What will their voices sound like?
- ❖ For example, when students are transitioning between spelling and math I display the expectations **BEFORE** they move!
- ❖ I also have high expectations for all my students, which leads me to the second step.
