thoughts and inspirations intuitively casting aside the repressive constrictions of convention and academic style The creative process of the pregnant mind is a rich wild journey which has now been compiled in a format that all readers can follow and enjoy Among the many themes of this work the idea of kindness and respect for others is a recurring point of reference Our capitalist culture emphasizes self interest but as an immigrant the author is rooted in traditional values of community family and caring This book will remind you that in learning to care for others we learn self care and prepare ourselves spiritually for what lies beyond life on earth Remember the mind is a terrible thing to waste so use it wisely *Capitol of Maryland* Jerome Otto Waters, Jr., 2012-09

What's Really Going On? Ronnie Chiles, 2011-11-23 This book reflects poor black America's human condition and cruel reality historically in this country Most poor people and people of color see enough of life's dark side to know for sure what's really going on All of the social double standards and blatant contradictions that continue to define the democratic process for most of America's poor and forgotten people of color still finds the American Dream to be a figment of their imaginations This book is meant to show how American History is merely his story The powers that be continue to impose their will on much smaller nations decade after decade in the name of freedom and democracy Yet nothing about our might makes right preemptive strike mentalities has changed most poor Americans lifestyles If anything it has merely reduced the level of comfort and security most people in this country live in daily by heightening our nation's risk of being attacked So the fear factor continues to control what really goes on in this country from decade to decade This is why our nation will never be a genuine United States of America

The Truth About Racism Dr. Philip G. Asante, 2014-02-27 Dr Asante uncovers the truth about racism in this revealing and compelling book He explains where racist ideology has come from and the reasons why some people are racist by exploring the contributions from both Christianity and the theory of Evolution Learn how the Bible was deliberately misinterpreted and abused in order to justify slavery segregation colonialism and apartheid Better understand what legacy these institutions have left on people Discover how Darwin's theory of evolution led to the construction of the concept of different races and the resultant development of racial superiority and inferiority based solely on skin coloration This is a well written and well researched book that truly dissects the distressing and often uncomfortable subject of racism It tugs at the heart strings of humanity and cries out for unity Some will find the book controversial and uncomfortable while others will find it liberating and supportive It will challenge your very conscience and offer a revealing look into the development of racism *The British National Bibliography* Arthur James Wells, 2009
