Sleeping Lord:

David Jones, Disability and Modernist Form Colette Nic Aodha, 2025-10-16 Employing a fresh theoretical approach to David Jones work this is the first book to use disability studies as a lens through which to consider his post war work Unpacking the distinct corporeality in the work of Welsh modernist maker poet painter and engraver David Jones 1895 1974 that emerges from the trauma of Jones s participation in the Great War this book frames the complex modes of embodiment in his post war work In doing so it relates Jones s pioneering visual art and poetic form to antecedents William Blake and modern artists Sarah Lucas and Damien Hirst while using materiality to form connections between modernism disability and the liturgy of the Eucharist upon which Jones centres his work

David Jones and the Craft of Theology Elizabeth R Powell, 2020-10-01 This is an imaginative exploration of the art of David Jones which addresses Christian teaching through engagement with selected artistic works a poem a painted inscription and a wood engraving Elizabeth R Powell s study does not just enable readers to understand Jones but also to use his kind of loving attention in their own lives which Jones would argue is theology s most important task Through close readings of material objects Powell draws the reader into the participatory performative and dialogical possibilities of the craft of theology She frames an older style of theology in a distinctive and modern way as a graced human practice and a place of transforming relation with the divine Powell argues that Jones s art works offer places of beauty in which to become beauty along the way Located at the cross section of theology literature and the arts this volume shows that being interdisciplinary is nothing less than finding ways for theology and humanity to be more richly itself
