Terry Bamford

Social Working:

Social Work Professional Organizations Riccardo Guidi, 2025-11-13 Despite their long history and growing influence social work professional organisations SWPOs remain underexplored in social work research Created and fully or partly governed by professionals for professionals SWPOs comprise millions of practitioners worldwide some groups having existed for around 100 years to develop activities that are increasingly relevant for practitioners users schools of social work and policy makers This edited volume provides the first comprehensive comparative analysis of SWPOs in 15 countries bridging Global North and South perspectives Using an interdisciplinary framework it offers an evidence based typology of SWPOs illustrating their evolving role as collective actors in social work Essential reading for educators researchers and students in social work this book speaks directly to the global community of SWPOs Self-Care and Organizational Practices for School Social Worker Resilience Lou Paschall, Licensed School Social Worker and a Licensed Advanced Practice Social Worker Lou Paschall, 2025-11-28 In *Self Care and Organizational Practices for School Social Worker Resilience* Lou Paschall examines the unique characteristics of School Social Worker SSW practice that challenge the wellbeing of practitioners Including stories from Paschall's decades of experience as a practicing SSW the book discusses Social Work within the education system and identifies various occupational hazards from burnout and compassion fatigue to secondary traumatic stress and vicarious traumatization To address these occupational hazards Paschall consults the guiding ethical documents of the profession to recommend practical strategies for individual self care and professional self advocacy as well as organization level strategies to promote SSW wellness Social work C.H.C.J. van Nijnatten, 2005-11-14 Wetenschappelijke boeken over maatschappelijk werk zijn in Nederland schaars terwijl in de Verenigde Staten en Groot Brittanni zeer veel interessante studies over dit onderwerp gepubliceerd worden Om hiervan ook in Nederland te kunnen profiteren is besloten het boek *Constructive Social Work Towards a new practice* van Nigel Parton en Patrick O Byrne te vertalen Het boek is een voorbeeld van een constructieve benadering van het maatschappelijk werk Deze stroming is ook in Nederland de laatste jaren sterk in opgang Met de term constructief willen de auteurs benadrukken dat het maatschappelijk werk in hun ogen een opbouwende activiteit is die erop gericht is mensen te helpen om opnieuw betekenis te geven aan hun leven Deze constructieve benadering is vooral gericht op de dialoog tussen maatschappelijk werkers en hun cliënten **Abolish Social Work (As We Know It)** Craig Fortier, Edward Hon-Sing Wong, MJ Rwigema, 2024-06-12 *Abolish Social Work As We Know It* responds to the timely and important call for police abolition by analyzing professional social work as one alternative commonly proposed as a ready made solution to ending police brutality Drawing on both historical analysis and lessons learned from decades of organizing abolitionist and decolonizing practices within the field and practice of social work including social service community organizing and other helping fields this book is an important contribution in the discussion of what abolitionist social work could look like This edited volume brings together predominantly BIPOC and

queer trans social work survivors community based activists educators and frontline social workers to propose both an abolitionist framework for social work practice and a transformative framework that calls for the dissolution and restructuring of social work as a profession Rejecting the practices and values encapsulated by professional social work as embedded in carceral and colonial systems Abolish Social Work As We Know It moves us towards a social work framework guided by principles of mutual aid accountability and relationality led by Indigenous Black queer trans racialized immigrant disabled poor and other communities for whom social work has inserted itself into their lives

Concepts and Methods of Social Work Walter A. Friedlander, 1976

Theory & Practice in Clinical Social Work Jerrold R. Brandell, 2010-02-16

Today's clinical social workers face a spectrum of social issues and problems of a scope and severity hardly imagined just a few years ago and an ever widening domain of responsibility to overcome them Theory and Practice in Clinical Social Work is the authoritative handbook for social work clinicians and graduate social work students that keeps pace with rapid social changes and presents carefully devised methods models and techniques for responding to the needs of an increasingly diverse clientele Following an overview of the principal frameworks for clinical practice including systems theory behavioral and cognitive theories psychoanalytic theory and neurobiological theory the book goes on to present the major social crises problems and new populations the social work clinician confronts each day Theory and Practice in Clinical Social Work includes 29 original chapters many with carefully crafted and detailed clinical illustrations by leading social work scholars and master clinicians who represent the widest variety of clinical orientations and specializations Collectively these leading authors have treated nearly every conceivable clinical population in virtually every practice context using a full array of treatment approaches and modalities Included in this volume are chapters on practice with adults and children clinical social work with adolescents family therapy and children's treatment groups other chapters focus on social work with communities affected by disasters and terrorism clinical case management cross cultural clinical practice psychopharmacology practice with older adults and mourning and loss The extraordinary breadth of coverage will make this book an essential source of information for students in advanced practice courses and practicing social workers alike

Social Work in the Frame of a Professional Competencies Approach Ana Opačić, 2022-10-19 This book serves as an introductory reader for understanding a professional competencies framework for social work through a new approach It not only discusses what professional competencies are and why they are significant but it also shows how to develop a professional competencies approach measure and research competencies and learn how to use them to empower professional identity and career development There has been growing interest to define the social work profession within a professional competencies framework Professional competencies are considered in their complexity as a triangle of knowledge skills and values They are not solely a tool for education and practice but they are also important for professional socialization and identity in social work A professional competencies approach has been used to define standards and expectations for social workers practitioners it is

an evaluation tool for formal education and lifelong learning programs provides guidance for field practice and placements for social work students and could be a frame for distinguishing levels of professional expertise The volume provides an up to date comprehensive overview of a professional competencies approach in social work with 10 chapters organized in four sections Part I Understanding a Professional Competencies Approach including Criticisms of the Competency Based Education Approach Part II Major Areas of Professional Competencies including Leadership and Professional Socialisation Part III Measuring Professional Competencies and Education Outcomes including How to Conceptualise Operationalise and Measure Professional Competencies in Social Work Part IV Professional Competencies and Professional Development including A Model of Holistic Competence in Social Work and the unique Professional Capabilities Framework Social Work in the Frame of a Professional Competencies Approach is essential reading for social work instructors academics and national professional associations interested in developing or reviewing their professional competencies framework It is an invaluable resource for experts in statutory bodies that set up a legislative framework of social work practice or work in the accreditation of social work education programs The book is useful for social work students interested in understanding the theoretical background of social work as well as for field practitioners who wish to use professional competencies for their self reflection self evaluation and professional identity

Becoming a Social Worker Vivienne E. Cree, 2003 Becoming a Social Worker tells the story of thirteen social workers living and working in the UK what has brought them into social work and what has kept them in it since This book describes what it is like to be a social worker in different practice settings what it is like to be a social work manager and what is happening in social work education These accounts set out to make social work visible so that those considering a career in the caring professions can make an informed choice about whether social work is the career for them

Encyclopedia of Canadian Social Work Francis J. Turner, 2005-09-07 Annotation Covers over 500 topics important to Canadian social work Written by a highly diverse group of experts and covering all aspects of the field nation wide

Becoming a Social Worker Vivienne E. Cree, 2013-01-22 This is a book about social workers and social work It tells the story of the journey into and through social work of people from around the world living and working in social work today We hear what has brought them into social work and what has kept them in it since Their lively accounts demonstrate that commitment and passion remain at the heart of social work today This new edition of Becoming a Social Worker is made up of entirely new stories It describes what it is like to be a social worker in a range of different practice settings in different countries While many of the narratives are from practitioners and educators who either grew up in or came as adults to the UK half of the narratives explores the experiences of social workers and educators working in different parts of the world in countries as diverse as Australia and New Zealand India and Bangladesh Ireland Sweden and Eastern Europe Nigeria the USA and Canada The book ends with a commentary which argues that social work is truly a global profession Some of the contributors will be recognised as those who have played a key part in shaping social work over the years and they provide

valuable insights into how the profession has developed over time Other contributors less well known but no less interesting give a vivid account of the challenges that social work education and practice face and the shared values that underpin social work wherever it is located Social work is a demanding and difficult job that goes largely unseen within society We only ever hear about social work and social workers when something goes wrong and a vulnerable adult or child is hurt Becoming a Social Worker sets out to change that to make social work visible so that those considering a career in the caring professions across the world can make an informed choice about whether social work is the career for them **School of Social Work** University of Connecticut, School of Social Work,1959 **Social Work and the Community** ,1934 Introducing Social Work Lena Dominelli,2009-03-16 In this lively introduction suitable for students at any level Lena Dominelli explores the extraordinary scope and importance of social work Using engaging examples from contemporary social work practice she clearly answers questions about what social work is how social workers work in a variety of settings and the clients they are likely to deal with She tackles head on the dilemmas social workers face in their day to day work and the challenges of working with limited resources and marginalized social groups such as the elderly the homeless and abused children This work will affirm the valuable contribution social workers can make to human wellbeing and demonstrate how the promise and potential of social work can be and is realized Careers in School Social Work Indiana ,197? Social Work Joyce Lishman,Chris Yuill,Jillian Brannan,Alastair Gibson,2018-01-08 Packed full of case studies activities and tools for real life practice this book covers all the main topics in the first year of both the undergraduate and postgraduate degree in social work To provide a holistic view of the field it used an integrated approach combining theory policy and practice **What Social Workers Should Know about Their Own Communities** Margaret Frances Byington,1917 *A Contemporary History of Social Work* Terry Bamford,2015-02-25 In this book Terry Bamford challenges social work students and professionals to understand why social work has failed to maintain its position as a driver of social reform Drawing lessons from the recent history of social work to identify how and why it has lost influence Bamford looks forward to a new model of practice that places a commitment to social justice at the heart of the profession The book also contributes to topical debates about social work education and the identity of the profession encouraging critical thinking about organization models practice content and the meaning of professionalism in social work *What is Social Work?* Nigel Horner,2012-10-30 It is essential that social work students have a clear grasp of the history and the evolutions of social work practice Now in its fourth edition Horner s classic introductory text looks at how issues such as the Personalisation Agenda the work of the Reform Board and how the notion of a Big Society and the recent contractions in government spending have impacted on practice and education The Short Guide to Social Work Robert Adams,2010-04-28 This engaging and accessible text offers a concise overview of social work which will appeal to anyone needing a quick introduction to social work as a discipline It contains essential information for all prospective and new social work students the theories and policy and

practice frameworks as well as current issues facing social work today Illustrated with many examples from practice it covers social work with many service user groups including children and families adults older people disabled people and people with mental health problems as well as specialist areas of practice Understanding Social Work John Pierson, 2011-10-16

This scholarly and engaging volume shows us where social work has come from and so helps us understand and shape its future The author has a gift for making the profession's complex history accessible whilst respecting its intricacy The result is an illuminating tour de force a book that gives perspective and hope Suzy Braye Professor of Social Work University of Sussex UK Pierson's richly documented overview of social work's evolution in Britain promises to support coming generations of social workers in learning from their field's responses to changing issues and ideas on assistance for those in need J Lee Kreader Interim Director National Center for Children in Poverty Columbia University USA This introductory textbook provides a concise account of the development of social work in Britain from its beginnings in the industrial revolution to the present day The book seeks to recover overlooked experiences and important but forgotten debates whilst re-examining the concepts and approaches developed by chief architects of the profession The book has several unique features designed to help students both understand the development of social work and to form their own judgements on the issues it raises Timelines that mark important practice and policy developments Discussion points that pose questions for readers to think through First hand testimony and excerpts from case records showing the viewpoints perspectives and decisions of social workers in earlier decades Documentary material that encourages students to critically reflect on the present in light of the past Understanding Social Work is written with the student and educator in mind in a style and format that makes the history of social work approachable relevant and profound The view of history embodied here is of a continuously unfolding many sided phenomenon that offers a rich source of ethical insight practical experience and moral guidance
