Sociology Approaches Issues And Everyday Applications:

Applications of Social Research Methods to Questions in Information and Library Science Barbara M.

Wildemuth, 2016-11-14 The second edition of this innovative textbook illustrates research methods for library and information science describing the most appropriate approaches to a question and showing you what makes research successful Written for the serious practicing librarian researcher and the LIS student this volume fills the need for a guide focused specifically on information and library science research methods By critically assessing existing studies from within library and information science this book helps you acquire a deeper understanding of research methods so you will be able to design more effective studies yourself Section one considers research questions most often asked in information and library science and explains how they arise from practice or theory Section two covers a variety of research designs and the sampling issues associated with them while sections three and four look at methods for collecting and analyzing data Each chapter introduces a particular research method points out its relative strengths and weaknesses and provides a critique of two or more exemplary studies For this second edition three new chapters have been added covering mixed methods visual data collection methods and social network analysis The chapters on research diaries and transaction log analysis have been updated and updated examples are provided in more than a dozen other chapters as well

Understanding Character Education: Approaches, Applications and Issues Paul Watts, Michael Fullard, Andrew Peterson, 2021-08-31 Understanding Character Education introduces readers to the key ideas practices and concepts that are shaping character education in schools today The book explores the principles underpinning character education and the pedagogical practices which ensure it comes alive in schools Each chapter includes a variety of features to help navigate through the ideas themes and practices examined These include Chapter objectives to help readers understand the core focus and intentions of each chapter Reflective activities to help readers to think more deeply about particular ideas and issues and to consider how practices described are or could be applied in their own contexts Case studies to help readers to understand how character education is approached and implemented by educators in and beyond schools Annotated further readings to help readers take a closer and more detailed look at the methods applications and issues covered This book is essential reading for all those involved in the teaching and learning of young people as well as those studying this vital topic on education studies teacher education and postgraduate level courses Highly recommended for all leaders and practitioners dedicated to enabling children and young people to flourish through the development of good character Tom Haigh CEO Association for Character Education I wish Chapter 2 The Character of the Teacher was made a compulsory read for every person working in a UK school that would be transformational Nat Parnell Regional Director United Learning A must read for all trainee teachers of any phase Catherine Carden Director of Learning and Teaching Faculty of Arts Humanities Education Canterbury Christ Church University UK Paul Watts is a Lecturer at the Jubilee Centre for Character and Virtues University of Birmingham UK He has worked closely
