**Gender by the Book** Julie Fette,2024-10-31 Gender by the Book investigates the gender representations that French children s literature transmits to readers today Using an interdisciplinary mixed methods approach this book grounds its literary analysis in a sociohistorical examination of three key institutions libraries book clubs and subscription magazines that circulate reading material to children It shows how French policies cultural beliefs and market forces influence the content of children s literature including tensions between State support for unprofitable artistic endeavors and a belief in children s right to high quality

products on the one hand and suspicion of activism as anathema to creativity and fear of losing boy readers on the other. In addition, the notion of universalism which asserts that equality is best achieved when society is blind to differences thwarts a diverse and equitable array of literary representations. Nevertheless, conditions are favorable for 21st century French children's publishers to offer a robust body of richly entertaining egalitarian literature for children. Unyong-jon Michael J. Pettid, Kil Cha Pettid, 2009 Review The story is about a girl who is chosen to receive a literary education in the Korean palace. She, among the other 9 girls, excels at poetry and lives a truly blessed life compared to the average life of someone of her birth and sex. The main heartbreak of all the girls, but more so for Unyoung, is that she will never be allowed to marry or have a romantic relationship. One day a poet prodigy comes to the palace to meet with the prince who is the girl's patron. He writes such sublime poetry that Unyoung falls in love with him and writes to him at which point he falls in love with her. The book is about their love affair and the hardships they must endure due to Confucian society that disallows them their natural disposition from <http://www.amazon.com> Dec 17 2014 *C.U.
