The Australian Home:

The Australian Home H. Wicken,Mrs. H. P. Wicken,1891 **The Australian House** Balwant Singh Saini,Ray Joyce,2002 The traditional timber house of tropical northern Australia is a superb form of vernacular domestic architecture and this book illuminates its unique heritage aspects **Australia's Home** Robin Boyd,2015-09-04 Since its first publication by Melbourne University Press Australia's Home has been in constant demand The author summarises his story from 1788 to 1960 as a material triumph and an aesthetic calamity Readers have thoroughly enjoyed the combination of informative detail and quiet humour and the architectural features of a house a street or a suburb which have up until now been simply different gain an added interest and significance People read Australia's Home for pure pleasure as an eventful illuminating story Householders read it to see their house and streetscapes afresh through Boyd's eyes their own vision both criticised and enriched by his Architects and planners read it to agonise with Boyd over built forms and townscapes But the book is most remarkable of all as history a great bit of poaching by an architect journalist who never claimed to write history at all

The Australian Home Ian Evans,1985 The History & Design of the Australian House ,1985 Georgian Britain Georgian Australian Victorian Federation Between the wars Beyond the 1950s Future directions includes energy conserving and solar design Interiors Colonial kitchens Gardens Terrace Portable house Queensland style *New Directions in the Australian House* Anna Johnson,2006-01-01 Looks at the development in the design of houses by looking at 25 recent houses by 25 Australian architects *A History of European Housing in Australia* Patrick Troy,2000-06-22 This collection of essays first published in 2000 was the first systematic attempt to explain the social administrative technical and cultural history of European housing in Australia Written by a collaborative team of scholars from a wide range of disciplines it explains how Australian housing has evolved from the ideas brought by the first settlers and what makes Australian housing distinctive in social terms This book covers a broad range of topics including the ways in which houses reflect social values and aspirations the relationship between houses and gardens the home as a site of domestic production and consumption and an exploration of how housing provides the basis for developing a sense of community The book will be invaluable for students of urban affairs and those engaged in housing and the design professions as well as policy makers and analysts in the public and private sectors **The Australian Woman's Magazine and Domestic Journal** ,1882 Includes book reviews **Out of the Ordinary** Derham Groves,2020-05-15 Out of the Ordinary is one part unembellished documentation and one part verbi visual equivalent of a Pro Hart work made with nineteenth century paint loaded canons It is a cultural history resource for contemporary designers imaginarium and luminous almanac of an explorer of the stranger species of creativity from brick art to letterboxes junk mail mail art television fashion food model trains Disney's imagineering amusement parks feng shui Postmodern architecture human scale craftsmanship forgotten Australian architects in China famous architects that perhaps should be forgotten save for their bow ties collectors of Sherlock Holmes memorabilia outsider artists and clients and none of

these things exactly Everywhere Derham Groves attends to and finds significance in the minutiae of everyday life inter association and those things that affect us so profoundly but remain just outside the purview of the normal And in these things objects art architecture environment s he finds stories and teaches his reader how to do the same Out of the Ordinary is also a motivational text It begins with bricks perhaps the most standardized and repeatable units of construction and reveals how they can be used as vehicles for unfettered creativity and not merely for the creation of containers Groves shows how art and architecture can emerge and receive nourishment from the garbage of the everyday and creative collisions Groves also calls albeit subtly for a turn away from homogeneity the standardized and unimaginative or lazy design informed by principles of economy efficiency utility and function conceived in abstraction Rather Groves celebrates the reanimation and or rejuvenation of place by the makers of anything out of the ordinary who don t necessarily pray to the demiurge of good taste who have created spaces and things through which the creative imagination shines Dr Andrew Chrystall School of Communication Journalism and Marketing Massey University **The Australian Home** Ian Evans,1983 This social history of Australian architecture from 1788 to 1938 examines everything needed to create a home from the bricks and mortar right through to the kitchen stove and the garden gate John Dalton Elizabeth Musgrave,2023-08-10 This book addresses the work of architect John Dalton 1927 2007 an important voice in mid century modernism in Australia whose work despite his being exhibited and published internationally and also winning several awards for his designs is woefully little known Published as part of the Bloomsbury Studies in Modern Architecture series which brings to light the work of significant yet overlooked modernist architects the book draws on previously unpublished archival documents including Dalton s drawings and paintings transcripts of lectures letters and articles plans and photographic images of built works to characterize the architect not only as a very talented designer but also as a pioneer of environmentalist thinking in Australia The book reveals how Dalton s architectural preoccupations parallel a transition in mid century modern architecture globally from functional efficiency and material rationalism to a concern with being in dialogue with the environment confirming a wider environmental turn that involved the integration of environmental with cultural considerations through relational thinking and which preceded and transcends the discipline s fascination with theoretical paradigms such as Critical Regionalism John Dalton Subtropical Modernism and the Turn to Environment in Australian Architecture is thus not only an important contribution to the existing scholarship on 20th century modernism but also to the current renewed interest in environmental design across the globe Designer Suburbs Judith O'Callaghan,Charles Pickett,2012-11-01 In the 1950s 60s and 70s architects like Harry Seidler Robin Boyd Ken Woolley Michael Dysart and Graeme Gunn applied their talents to project homes bringing high end design to the suburbs Backed by Pettit Sevitt Merchant Builders and other project builders architects created small deceptively simple houses which transformed the look of suburbia Today the distance between the architectural profession and suburban housing has never been greater with Australia s super sized energy guzzling project

homes the biggest in the world With photographs by Max Dupain David Moore Wolfgang Sievers and Eric Sierins alongside original plans Designer Suburbs explores the relationship between architects builders and affordable housing since 1900 and the lessons we can learn from twentieth century designer suburbs AP AIS 1992: Australian public affairs information service , The Advertiser's ABC of Official Scales & Charges and Advertisement Press Directory ,1897 **Australian National Bibliography: 1992** National Library of Australia,1988 **Catalogue** New South Wales Free Public Library, Sydney,1897 **Kit and Project Homes** Erica Worsoe,1979 Bradstreet's Weekly ,1893 **Littell's Living Age** ,1890 **Australian Dictionary of Dates and Men of the Time** J.
