Dance and American Art Sharyn R. Udall, 2012-06-19 From ballet to burlesque, from the frontier jig to the jitterbug, Americans have always loved watching dance, whether in grand ballrooms on Mississippi riverboats or in the streets. *Dance and American Art* is an innovative look at the elusive, evocative nature of dance and the American visual artists who captured it through their paintings, sculpture, photography and prints from the early nineteenth century through the mid-twentieth century. The scores of artists discussed include many icons of American art: Winslow Homer, George Caleb Bingham, Mary Cassatt, James McNeill Whistler, Alexander Calder, Joseph Cornell, Edward Steichen, David Smith and others. As a subject for visual artists, dance has given new meaning to America's perennial myths, cherished identities and most powerful dreams. Their portrayals of dance and dancers, from the anonymous to the famous Anna Pavlova, Isadora Duncan, Loie Fuller, Josephine Baker, Martha Graham, have testified to the enduring importance of spatial organization, physical pattern and rhythmic motion in creating aesthetic form. Through extensive research, sparkling prose and beautiful color reproductions, art historian Sharyn R. Udall draws attention to the ways that artists' portrayals of dance have defined the visual character of the modern world and have embodied culturally specific ideas about order and meaning about the human body and about the diverse fusions that comprise American culture. *Critical Survey of Long Fiction: Oscar Hijuelos-Patrick McGinley*, 2000 *What Katy Did* Randall House (Firm), 2003 1 063 entries of first editions of books and pamphlets by and about active women from Bella Abzug to Babe Didrikson Zaharias.
