Clara Schumann: An Artist's Life Based on Material Found in Diaries and Letters - Vol I Berthold Litzmann, 2011-03-23 The reproach is commonly brought against musical biographies that they are monotonous and indeed the life of the musician has not often afforded much scope for incident or variety If he be a composer he treads the accustomed course of early struggles hard earned victories and posthumous fame if he be a virtuoso his career is one triumphal progress which leaves little to record except the successive trophies that he has planted and the successive laurels that he has won The concentration required by his art removes him in some degree from the stir and stress of public events for the most part he dwells in an ideal city of his own and breathes the more freely when he has shut its gates upon the world To this it may be added that the biographers of our great musicians have too often tended to merge the historian in the advocate They are full of a generous enthusiasm for their subject they are anxious above all things to present it in an attractive light but they sometimes neglect Cromwell's advice to Sir Peter Lely and spoil their portrait by giving it a classic regularity of feature No doubt every biographer is something of a partisan it is no use writing a man's life unless you think well of him but the worst of all ways to arouse interest in your hero is to represent him on a faultless paladin and to treat as a paynim and a miscreant everyone who ever offered him the least opposition No man can build the monument of departed greatness if he is using up all the stones to pelt his adversaries
