The Baltic States in Peace and War, 1917-1945 Vytas Stanley Vardys, Romuald J. Misiunas, 1978 Nation building a striking phenomenon of modern times was given a significant albeit unsuccessful trial in the Baltic area Rising to independence from Russian rule and German occupation during World War I the Baltic states Estonia Latvia Lithuania were annexed by the Soviet Union during World War II The rise and fall of these nations reflects the great historical developments of the 20th century including the transformation of Wilsonian idealism into today's harsh realism Following a historical introduction to the political developments of the Baltic states this book examines the internal and external aspects of Lithuanian Latvian and Estonian nationhood Part I depicts the triumph of independence movements Part II compares the new nations domestic policies notably treatment of ethnic minorities and authoritarian responses to economic problems Part III analyzes the Baltic states relations with Germany Great Britain and the USSR as well as efforts among some Balts to form a Baltic Union Part IV examines the events surrounding Soviet annexation of the Baltic nations in 1944 together with the Soviet interpretation of this annexation Sources for the book are Finnish German British American and especially Soviet both Russian and Lithuanian archives including some hitherto unpublished documents Many of the book's ideas stem from conferences in the United States and Sweden co sponsored by the Association for the Advancement of Baltic Studies which also helped support this publication

The Baltic States in Peace and War 1917-1945. Edited by V. Stanley Vardys, Romuald J. Misiunas Vytas Stanley Vardys, Romuald J. Misiunas, 1978 Russia and Eastern Europe, 1789-1985 Raymond Pearson, 1989 *Latvia in World War II* Valdis O. Lumans, 2006 Valdis Lumans provides an authoritative balanced and comprehensive account of one of the most complex and conflicted arenas of the Second World War Struggling against both Germany and the Soviet Union Latvia emerged as an independent nation state after the First World War In 1940 the Soviets occupied neutral Latvia deporting or executing more than 30 000 Latvians before the Nazis invaded in 1941 and installed a puppet regime The Red Army expelled the Germans in 1944 and reincorporated Latvia as a Soviet Republic By the end of the war an estimated 180 000 Latvians fled to the West The Soviets would deport at least another 100 000 Drawing on a wide range of sources many brought together here for the first time Lumans synthesizes political military social economic diplomatic and cultural history He moves carefully through traditional sources many of them partisan to scholarship emerging since the end of the Cold War to confront such issues as political loyalties military collaboration resistance capitulation the Soviet occupation anti-Semitism and the Latvian role in the Holocaust Resistance and Rebellion Roger D. Petersen, 2001-05-07 Resistance and Rebellion Lessons from Eastern Europe explains how ordinary people become involved in resistance and rebellion against powerful regimes The book shows how a sequence of causal forces social norms focal points rational calculation operate to drive individuals into roles of passive resistance and at a second stage into participation in community based rebellion organization By linking the operation of these mechanisms to observable social structures the work generates predictions about which

types of community and society are most likely to form and sustain resistance and rebellion The empirical material centres around Lithuanian anti Soviet resistance in both the 1940s and the 1987-91 period Using the Lithuanian experience as a baseline comparisons with several other Eastern European countries demonstrate the breadth and depth of the theory The book contributes to both the general literature on political violence and protest as well as the theoretical literature on collective action

Church, State, and Democracy in Expanding Europe Lavinia Stan, Lucian Turcescu, 2011-09-22 Lavinia Stan and Lucian Turcescu examine the relationship between religion and politics in ten former communist Eastern European countries showing church state relations in the new EU member states through study of political representation for church leaders governmental subsidies registration of religions by the state and religious instruction in public schools

Ethnic Nationalism And Regional Conflict W. Raymond Duncan, 2019-04-09 This book examines ethnic conflicts of the former Soviet Union to indicate how turbulent the world has become in the post Cold War era and how difficult it has been to craft western security policies to address the turmoil The author hopes to stimulate new thinking about international security

Estonia and the Estonians Toivo U. Raun, 2022-12-09 Estonia and the Estonians provides the first compendious survey in any language of Estonian history from prehistoric times to the twenty first century Estonia's strategic geopolitical location a crossroads where the major powers of northeastern Europe have struggled for influence and the small number of ethnic Estonians are crucial factors that have shaped the history of the area and its inhabitants The book emphasizes the period since the mid nineteenth century when a national movement calling for Estonian cultural and political autonomy began to emerge During the two world wars Estonia gained and lost political self determination Yet a modern Estonian culture was firmly established and a strong sense of national identity survived the Soviet era

Estonia Rein Taagepera, 2018-02-06 After breaking free from the Bolsheviks in 1918 Estonia enjoyed independence until 1940 when the country was subsumed by the Soviet Union Not until 1991 was Estonia able to make its next successful bid for sovereignty In this book Rein Taagepera traces the evolution of Estonia from prehistory to the present when a radical turn of events in the former Soviet Union once again altered the destiny of this Baltic nation The author explores in depth the remarkable changes in Estonia since 1980 framing his analysis within the larger picture of the Soviet Union and its demise He also examines the issue of ethnic tensions between Estonians and Russian colonists and speculates on how unrest will affect the future of the country Throughout his analysis the author weaves in such key questions as Why did Sovietization fail How did Estonia's quest for autonomy affect Soviet dissolution What role will the country play on the global stage What will Estonia's future hold

The Massacre of the Jews of Lithuania Karen Sutton, 2008 Reports on the Nazi genocide of Jews in Lithuania dwelling on Lithuanian collaboration in the Holocaust or passive response to it Describes the Holocaust in Vilnius Kaunas and some other places and Jewish reactions to it including attempts at resistance Dismisses theories that the cause of Lithuanian collaboration was the widespread linkage of Jews with communism and the real or exaggerated Jewish role in the

Sovietization of Lithuania in 1940 41 Although the traumatic experience of Sovietization exacerbated the ethnic conflict in Lithuania those Lithuanians who murdered Jews in Kaunas Vilnius and elsewhere acted out of pre existing hatred The root of this hatred which manifested itself in the prewar period as well was economic competition with the Jews and religious and cultural distance from them Argues that the Lithuanians showed an ability to resist Nazi policies in situations that were vital to them e g concerning mobilization for work in Germany They could have also resisted the Nazi genocide of Jews but it was not regarded as vital

The Molotov-Ribbentrop Pact of 1939 I. Joseph Vizulis,1990-02-20 This volume analyzes the effects of the Molotov Ribbentrop Pact of 1939 on the Baltic States and Eastern Europe This Nazi Soviet non aggression treaty catapulted into worldwide consciousness this summer as a 370 mile human Freedom chain denied its legitimacy Stretching across Baltic nation states the chain s human links proclaimed the password Freedom Secret protocols contained in this Treaty led to fifty years of Soviet occupation In the atmosphere of glasnost and perestroika Estonians Latvians and Lithuanians now demand restoration of their human and national rights and decolonization While the news media focuses upon these events this volume details the historical causes of the Treaty its contemporary consequences and its present day challenge With the Molotov Ribbentrop Pact Hitler s Germany and Stalin s Russia put aside their ideological difference and practiced expedient politics Eastern Europe and the Baltic States were partitioned into German and Russian spheres of influence This fifty year old pact continues to effect the Baltic States It focuses our attention sharply on the consequences of secret deals made without regard to national and human rights On the frontline of Soviet defense the Baltic challenge to the Soviet Union has worldwide implications After decades of denying their existence the Soviet Union in August 1989 finally admitted that the secret protocols of 1939 were an historical fact However they continued to deny that the protocols had any bearing on the incorporation of the Baltic States into the Soviet Union As of this writing it seems evident that notwithstanding the era of glasnost the Soviet government still lacks the determination to state the truth that the incorporation of Estonia Latvia and Lithuania was an act of aggression carried out against the will of sovereign peoples
