## **The Baphomet:**

*Sex, Death and Witchcraft* Douglas Ezzy, 2014-05-22 Faunalia is a controversial Pagan festival with a reputation for being wild and emotionally intense. It lasts five days, 80 people attend, and the two main rituals run most of the night. In the tantalisingly erotic Baphomet rite, participants encounter a hermaphroditic deity, enter a state of trance, and dance naked around a bonfire. In the Underworld rite, participants role play their own death, confronting grief and suffering. These rituals are understood as shadow work, a Jungian term that refers to practices that creatively engage repressed or hidden aspects of the self. *Sex, Death and Witchcraft* is a powerful application of relational theory to the study of religion and contemporary culture. It analyses Faunalia's rituals in terms of recent innovations in the sociology of religion and religious studies that focus on relational etiquette, lived religion, embodiment, and performance. The sensuous and emotionally intense ritual performances at Faunalia transform both moral orientations and self-understandings. Participants develop an ethical practice that is individualistic but also relational and aesthetically mediated. Extensive extracts from interviews describe the rituals in participants' own words. The book combines rich and evocative description of the rituals with careful analysis of the social processes that shape people's experiences at this controversial Pagan festival. **Secret Societies** Michael

Howard, 2007-12-05 An overview of how esoteric brotherhoods have shaped history. Examines the secret chronology and clandestine causes of seminal world events. Shows how secret societies feed into one another and how they have worked together. For thousands of years, secret societies, guardians of ancient esoteric wisdom, have exercised a strong and often crucial influence on the destiny of nations. Though largely ignored by orthodox historians, the Freemasons, Knights Templar, and Rosicrucians affected the course of the French and American Revolutions, as well as the overthrow of the medieval feudal order. Inevitably, the true ideals and esoteric practices of these societies have at times been perverted by self-serving individuals. The Nazis and the Bolsheviks. British security forces, the founding fathers of America, and the Vatican have all justified their actions for good or for ill by claiming the mystic ideals of secret societies. Michael Howard explores these connections, tracing their effects in politics and statecraft from the time of ancient Egypt up to the present. He sheds light on the influence of secret societies on governments and in the lives of many well-known figures, including Frederick the Great, John Dee, Francis Bacon, Benjamin Franklin, Comte de Cagliostro, Helena Blavatsky, Rasputin, and Woodrow Wilson. He contends that the recent formation of the European Union was directed by an umbrella group of secret societies and reveals that though secret societies have been persecuted throughout history, they have survived and continue to operate powerfully in world affairs today. *Satanism: A Social History* Massimo Introvigne, 2016-08-29 A 17th-century French haberdasher invented the Black Mass. An 18th-century English Cabinet Minister administered the Eucharist to a baboon. High-ranking Catholic authorities in the 19th century believed that Satan appeared in Masonic lodges in the shape of a crocodile and played the piano there. A well-known scientist from the 20th century established a cult of the Antichrist and exploded in a

laboratory experiment Three Italian girls in 2000 sacrificed a nun to the Devil A Black Metal band honored Satan in Krakow Poland in 2004 by exhibiting on stage 120 decapitated sheep heads Some of these stories as absurd as they might sound were real Others which might appear to be equally well reported are false But even false stories have generated real societal reactions For the first time Massimo Introvigne proposes a general social history of Satanism and anti Satanism from the French Court of Louis XIV to the Satanic scares of the late 20th century satanic themes in Black Metal music the Church of Satan and beyond Etruscan Roman Remains in Popular Tradition Charles Godfrey Leland,1892 *Science* Helena Petrovna Blavatsky,1878 Light ,1909 **Lucifer** ,1891 Satan Bruno de Jésus-Marie (père, O.C.D.),1952 Based upon a volume of the series Collection de psychologie religieuse Etudes carmelitaines **The casting out of Satan into the earth, and the gathering of Israel** Thomas Godfrey Jack,1892 **De Quincey's Works ...** Thomas De Quincey,1871 **The Sorrows of Satan, Or, The Strange Experience of One Geoffrey Tempest, Millionaire** Marie Corelli,1895 *Demonology and Witchcraft* Robert Brown,1889 Satan's Invisible World Displayed William Thomas Stead,1897 Satan as a Moral Philosopher Caleb Sprague Henry,1877 **Job and Solomon** Thomas Kelly Cheyne,1889 The Upas Richard H.
