Catch a Falling Star John Brunner, 2011-09-29 A hundred thousand years from now it was discovered that a star was approaching the world on a collision course Its discoverer Creohan figured there might be time to save the world if he could arouse everyone to the danger But the Earth had become a strange and kaleidoscopic place in that distant era Too many empires had risen and fallen too many cultures had spread their shattered fragments across a planet whose very maps had long since been forgotten People were too busy with their own private dreams to pay attention to one more new alarm The story Creohan s effort to Catch a Falling Star is one of John Brunner s most colourful science fiction concepts

Catch a Falling Star Meg McKinlay, 2019-03-01 This coming of age story by multiple award winner Meg McKinlay is about loss and grief dealing with change and fighting to hold on to what you can while letting go of what you can t It s 1979 and the sky is falling Skylab that is Somewhere high above Frankie Avery one of the world s first space stations is tumbling to Earth And rushing back with it are old memories Things twelve year old Frankie thought she d forgotten Things her mum won t talk about and which her little brother Newt never knew Only did he Does he Because as Skylab circles closer Newt starts acting strangely And while the world watches the sky Frankie keeps her own eyes on Newt Because if anyone s going to keep him safe it s her It always has been But maybe this is something bigger than splinters and spiders and sleepwalking Maybe a space station isn t the only thing heading straight for calamity
