The Bahamas Between Worlds:

The Bahamas Between Worlds Dean Walter Collinwood, 1989 **Between Worlds** John Gill, 1993 **Black Seminoles in the Bahamas** Rosalyn Howard, 2023-05-01

An excellent case study of a little studied and poorly known community experiencing the processes of identity formation and culture change Brent R Weisman University of South Florida

This is the first full length ethnography of a unique community within the African diaspora Rosalyn Howard traces the history of the isolated Red Bays community of the Bahamas from their escape from the plantations of the American South through their utilization of social memory in the construction of new identity and community Some of the many African slaves escaping from southern plantations traveled to Florida and joined the Seminole Indians intermarried and came to call themselves Black Seminoles In 1821 pursued and harassed by European Americans through the First Seminole War approximately 200 members of this group fled to Andros Island where they remained essentially isolated for nearly 150 years Drawing on archival and secondary sources in the United States and the Bahamas as well as interviews with members of the present day Black Seminole community on Andros Island Howard reconstructs the story of the Red Bays people She chronicles their struggles as they adapt to a new environment and forge a new identity in this insular community and analyzes the former slaves relationship with their Native American companions Black Seminoles in contemporary Red Bays number approximately 290 the majority of whom are descended directly from the original settlers As part of her research Howard lived for a year in this small community recording its oral history and analyzing the ways in which that history informed the evolving identity of the people Her treatment dispels the air of mystery surrounding the Black Seminoles of Andros and provides a foundation for further anthropological and historical investigations

My Soul Is in Haiti Bertin M. Louis, Jr., 2016-12

Offers a greater understanding of the spread of Protestant Christianity both regionally and globally by studying local transformations in the Haitian diaspora of the Bahamas In the Haitian diaspora as in Haiti itself the majority of Haitians have long practiced Catholicism or Vodou However Protestant forms of Christianity now flourish both in Haiti and beyond In the Bahamas where approximately one in five people are now Haitian born or Haitian descended Protestantism has become the majority religion for immigrant Haitians In My Soul Is in Haiti Bertin M Louis Jr has combined multi sited ethnographic research in the United States Haiti and the Bahamas with a transnational framework to analyze why Protestantism has appealed to the Haitian diaspora community in the Bahamas The volume illustrates how devout Haitian Protestant migrants use their religious identities to ground themselves in a place that is hostile to them as migrants and it also uncovers how their religious faith ties in to their belief in the need to save their homeland as they re imagine Haiti politically and morally as a Protestant Christian nation This important look at transnational migration between second and third world countries shows how notions of nationalism among Haitian migrants in the Bahamas are filtered through their religious beliefs By studying local transformations in the Haitian diaspora of the Bahamas Louis offers a greater

understanding of the spread of Protestant Christianity both regionally and globally

A History of the Bahamian People Michael Craton, Gail Saunders, 1992 The present work concludes the important and monumental undertaking of Islanders in the Stream A History of the Bahamian People creating the most thorough and comprehensive history yet written of a Caribbean country and its people In the first volume Michael Craton and Gail Saunders traced the developments of a unique archipelagic nation from aboriginal times to the period just before emancipation This long awaited second volume offers a description and interpretation of the social developments of the Bahamas in the years from 1830 to the present Volume Two divides this period into three chronological sections dealing first with adjustments to emancipation by former masters and former slaves between 1834 and 1900 followed by a study of the slow process of modernization between 1900 and 1973 that combines a systematic study of the stimulus of social change a candid examination of current problems and a penetrating but sympathetic analysis of what makes the Bahamas and Bahamians distinctive in the world This work is an eminent product of the New Social History intended for Bahamians others interested in the Bahamas and scholars alike It skillfully interweaves generalizations and regional comparisons with particular examples drawn from travelers accounts autobiographies private letters and the imaginative reconstruction of official dispatches and newspaper reports Lavishly illustrated with contemporary photographs and original maps it stands as a model for forthcoming histories of similar small ex colonial nations in the region

Funky Nassau Timothy Rommen, 2011-05-19 This book examines the role music has played in the formation of the political and national identity of the Bahamas Timothy Rommen analyzes Bahamian musical life as it has been influenced and shaped by the islands location between the United States and the rest of the Caribbean tourism and Bahamian colonial and postcolonial history Focusing on popular music in the second half of the twentieth and early twenty first centuries in particular rake n scrape and Junkanoo Rommen finds a Bahamian music that has remained culturally rooted in the local even as it has undergone major transformations Highlighting the ways entertainers have represented themselves to Bahamians and to tourists Funky Nassau illustrates the shifting terrain that musicians navigated during the rapid growth of tourism and in the aftermath of independence

Loyalists migrated to the Bahamas in the 1780s The parish had three separate cemeteries the churchyard cemetery and Centre Burial Ground were for whites but the Northern Burial Ground was officially consecrated for nonwhites in 1826 by the Bishop of Jamaica In Honoring Ancestors in Sacred Space Grace Turner posits that the African Bahamian community intentionally established this separate cemetery in order to observe non European burial customs Analyzing the landscape and artifacts found at the site Turner shows how the community used this space to maintain a sense of social and cultural belonging despite the power of white planters and the colonial government Although the Northern Burial Ground was covered by storm surges in the 1920s and later a sidewalk was built through the site Turner s fieldwork reveals a wealth of material culture She points to the cemetery s location near water trees planted at the heads of graves personal items left with the dead and remnants of food offerings as evidence of mortuary practices originating in West and Central Africa According to Turner these African influenced ways of memorializing the dead illustrate W E B Du Bois s idea of double consciousness the experience of existing in two irreconcilable cultures at the same time Comparing the burial ground with others in Great Britain and the American colonies Turner demonstrates how Africans in the Atlantic diaspora did not always adopt European customs but often created a separate parallel world for themselves A volume in the Florida Museum of Natural History Ripley P Bullen Series **Complete Handy Atlas of the World and City Guide** Matthews-Northrup Company,1898
