On the Barricades of Berlin Brass August Brass,2020-02-10 The 1848 wave of worker rebellions that swept across Europe struck the German states with the March Revolution The writer August Brass led the successful defense of the barricades in Berlin s Alexanderplatz public square Published in English for the first time On the Barricades of Berlin provides a riveting firsthand account of this uprising Brass testimony begins with the tumultuous events leading up to the revolution the peaceful democratic agitation the demands that were brought to the king and the key actors involved on all sides of the still peaceful yet tense struggle It then follows the events that led to the outbreak of resistance to the forces of order and sheds light on the aftermath of the fighting once the exhausted Prussian army withdrew from the city **The Insurgent**
