Schroeder,Ted Schroeder,1985 Helps teens understand and deal with common life issues    **Being for Beauty** Dominic McIver Lopes,2018-09-13 No values figure as pervasively and intimately in our lives as beauty and other aesthetic values They animate the arts as well as design fashion food and entertainment They orient us upon the natural world And we even find them in the deepest insights of science and mathematics For centuries however philosophers and other thinkers have identified beauty with what brings pleasure Concerned that aesthetic hedonism has led us to question beauty s significance Dominic McIver Lopes offers an entirely new theory of beauty in this volume Beauty engages us in action in concert with others in the context of social networks Lopes s network theory explains the social dimension of aesthetic agency the tie between beauty and pleasure the importance of disagreement in matters of taste and the reality of aesthetic values as denizens of the natural world The two closing chapters shed light on why aesthetic engagement is so important to quality of life and why it deserves and gets lavish public support Being for Beauty offers a fresh contribution to aesthetics but also to thinking about metanormativity the metaphysics of value and virtue theory
