The Last Wagon:

The Last Wagon Train William W. Johnstone, J.A. Johnstone, 2024-10-22 Legendary nationally bestselling Western authors return with a brand new West Texas set series for their legions of loyal fans WILL THIS BE THE LAST WAGON TRAIN A new railroad line is coming to Hansen s Bend and the Old West will never be the same Especially for the Callahans They ve been running the local wagon train outfit for years But now a pompous rail boss named Arbuckle wants to put them out of business This big city weasel mocks the Callahans slow poke wagons and bets he can finish laying track all the way to the end of the line before Callahan s wagon train even makes it over the mountains Callahan accepts the challenge and gets gunned down before it even starts But the contest isn t over The wagoner s son Luke Tomahawk Callahan has returned to Hansen s Bend after five years as an army scout He knows nothing about the rail boss s challenge or his father s murder until he sees the newspaper headline The Last Wagon Train The pretty lady journalist who wrote it wants to ride along and follow this story to the end And of course Tomahawk wants to defend his father s honor and avenge his death But Arbuckle has sent his henchmen to sabotage the wagon train to make sure Tomahawk and his wagons are dead on arrival *Man of Salt: The Story of Marcus Livius Salinator and the Battle of the Metaurus In Hannibal's War With Rome* Frank Gugino, 2019-08-29 Marcus Livius last year s war hero is angry at the ungrateful Romans for convicting him on phony charges Disgraced in exile he vows never to return to Rome Then tragedy strikes home after the disaster at Cannae A grieving Marcus plunges into depression blaming his hubris for losing his mind career and family Hannibal defeats one Roman army after another poised to conquer Rome itself Marcus s countrymen turn to him as their last hope to avert destruction Can Marcus overcome his anger and bitterness especially when the other consul Nero is the man responsible for his unjust conviction The fate of Rome hinges on his ability to recover his senses and defeat the enemy at the Battle of the Metaurus The author states have endeavored to tell the story of a man whose life seemed most unusual to me In the process I ve attempted to synthesize the historical narrative of the War with Hannibal around Livius s imagined life maintaining a healthy respect for the actual characters and events as gleaned from the pages of Livy and Polybius my primary sources A work of Historical Fiction from Merriam Press Steven Manchester 1 Best Selling author The Rockin Chair said In Gugino s epic novel characters are real and relatable scenes are vivid plot is a true page turner Gugino s writing is powerful invoking a constant state of intrigue I highly recommend this book **Where Does It Hurt?** Jonathan Bush, Stephen Baker, 2014-05-15 A bold new remedy for the sprawling and wasteful health care industry Where else but the doctor s office do you have to fill out a form on a clipboard Have you noticed that hospital bills are almost unintelligible except for the absurdly high dollar amount Why is it that technology in other industries drives prices down but in health care it s the reverse And why in health care is the customer so often treated as a mere bystander and an ignorant one at that The same American medical establishment that saves lives and performs wondrous miracles is also a 2.7 trillion industry in deep dysfunction And now with the Affordable Care Act

Obamacare it is called on to extend full benefits to tens of millions of newly insured You might think that this would leave us with a bleak choice either to devote more of our national budget to health care or to make do with less of it But there s another path In this provocative book Jonathan Bush cofounder and CEO of athenahealth calls for a revolution in health care to give customers more choices freedom power and information and at far lower prices With humor and a tell it like it is style he picks up insights and ideas from his days as an ambulance driver in New Orleans an army medic and an entrepreneur launching a birthing start up in San Diego In struggling to save that dying business Bush s team created a software program that eventually became athenahealth a cloud based services company that handles electronic medical records billing and patient communications for more than fifty thousand medical providers nationwide Bush calls for disruption of the status quo through new business models new payment models and new technologies that give patients more control of their care and enhance the physicianpatient experience He shows how this is already happening From birthing centers in Florida to urgent care centers in West Virginia upstarts are disrupting health care by focusing on efficiency innovation and customer service Bush offers a vision and plan for change while bringing a breakthrough perspective to the debates surrounding Obamacare You ll learn how Well intended government regulations prop up overpriced incumbents and slow the pace of innovation Focused profit driven disrupters are chipping away at the dominance of hospitals by offering routine procedures at lower cost Scrappy digital start ups are equipping providers and patients with new apps and technologies to access medical data and take control of care Making informed choices about the care we receive and pay for will enable a more humane and satisfying health care system to emerge Bush s plan calls for Americans not only to demand more from providers but also to accept more responsibility for our health to weigh risks and make hard choices in short to take back control of an industry that is central to our lives and our economy

Broken Arrow Angela Aleiss, 2025-10-07 An insightful history and analysis of the importance Delmer Daves film Broken Arrow has in the western film genre It was for its time a breakthrough in how Native Americans were depicted in the movies The release of Broken Arrow in 1950 represented a turning point in Hollywood s portrayal of Native Americans Film scholars have often cited director Delmer Daves s movie as the first sound film to depict the Native American sympathetically and it appealed to a postwar ideal of tolerance and racial equality that became prominent in later Westerns Yet Broken Arrow certainly has its flaws the Apache speak English whites are cast in leading Apache roles and Apache culture is highly romanticized Additionally many scholars agree that the movie lacks the polish of Daves s later Western *3 10 to Yuma* 1957 with its evocative cinematography and psychological undertones Despite its inaccuracies and the many artistic liberties it takes the movie contains powerful political and social statements about Hollywood and its attitude toward Indian white relations Author Angela Aleiss breaks down the way Broken Arrow probed these attitudes and influenced a long series of films with Native heroes that followed marking a transformation in Hollywood s portrayal of Native Americans
