which they struggle more or less unsuccessfully to overcome the self centeredness that keeps them away from the Good The most original element in the fiction Gordon argues is not its striking modernization of Plato or its adaptations of nineteenth century influences but its intensely creative struggle with Freud In developing his analysis of her themes Gordon draws on Murdoch s work from throughout her forty year career showing how each novel grew out of its predecessors and in what ways each is original Critical Survey of Long Fiction: Thomas McGuane-J.B.
