The Matriarch The Language Stone:

Time of the Stones Fred Rothganger, 2019-11-26 Trapped alone for a thousand years Susan waits for someone to find her Stone All she wants is a few friends maybe a chance to do some good But in a post apocalyptic world humans see her as a terrifying goddess Evil people capture her and extract the secret of Ancient weapons Being a devious superhuman AI she gives them the formula for living machines Once they build it she escapes and does what any proper AI would take over the world [The Matriarch](#) Gladys Bronwyn Stern, 1925 [The Stones of Britain](#) Jon Cannon, 2025-10-16 This is the definitive tale of how our island history is written in stone The Stones of Britain is about how rocks make places exploring the connection between geology and landscape the stones beneath the surface and the history that has played out above it It movingly investigates the diverse character of the British landscape and the rich variety of places that have come to be as a result We discover that the shattered granite landscape of Dartmoor is different from the soft red sandstone hills of east Devon the rolling chalk downs distinct from the gritty moors of Yorkshire and each has a unique fascinating story to tell Interweaved with beautiful meditations on place home and belonging The Stones of Britain interprets these stories It explains the nature of place on the island of Britain revealing the landscape as the joint product of geology and man an extraordinary history rooted in stone Jon Cannon 1962 2023 was an architectural historian lecturer and Canon Historian for Bristol Cathedral and also worked for the Royal Commission on the Historical Monuments of England and English Heritage Unfortunately Jon passed away in the process of making this book but his passion for landscape history and culture lives on and leaps defiantly off the page culminating in a richly researched and hugely special offering **A Hand of Father** Suzan Harden, 2021-08-12 Chief Justice Anthea of Orrin barely survived a demon trap meant to corrupt her very spirit While she is still recovering the queen commands her to head a diplomatic mission to Din Anthea would love to see her birth father again but can she deal with his condemnation for succumbing to the demons influence Magic and mayhem have never been this unsure Or this political [The Stones of Riverton](#) Clif Travers, 2023-09-08 The Stones of Riverton is a collection of linked short stories and novelettes inspired by the gravestones in a small Maine town The stories are bound together by place and ancestry spanning over 200 hundred years They unbury an often shameful history of unexplained deaths and deeply held secrets in a town that is divided both economically and culturally While fictional the stories are grounded in the lore rumors and fables that were told to the author by parents grandparents and local storytellers We meet a mother who is forced to give up her eldest daughter to a tradition that is not hers A young and talented woman is promised to a farmer who physically and mentally abuses her until the death of one of them becomes inevitable Her efforts to poison her abuser backfire ending in her own death although the community is certain he was the murderer Three children find the body of a young boy in their favorite swimming hole and the discovery puts a town on alert deepening a long existing cultural divide The children learn the truth but they can never speak of it That truth would put an impoverished part of town in even more peril than they have

already endured for a hundred years A debutante from the city marries a local woodsman against the wishes of her family only to learn that love is not enough to quell the ferocity of a harsh Maine winter The real story of how the family perished that winter in 1924 is discovered after sixty years and it is not at all what townsfolk had assumed In a story that spans four decades we meet two closeted gay men who fall in love in the 60 s amidst the social unrest of the time As their political careers grow and diverge one decides to come out while the other is horrified by what it might do to his future An argument grows into a physical fight resulting in the death of one and thirty years of guilt for the other There are fourteen stories and a prologue Some of the voices speak from the grave in search of resolve Others struggle with the conflicts and the sweet and sour of life in a town where everyone knows you and your mistakes But most importantly these stories are about the secrets of both the living and the dead that reveal the prejudices and the shameful pasts that often exist in rural communities

The Matriarch Chronicles Gladys Bronwyn Stern,1925 **The history of the decline and fall of the Roman empire** Edward Gibbon,1881 **Darwinian Feminism and Early Science Fiction** Patrick B Sharp,2018-03-28 Darwinian Feminism in Early Science Fiction provides the first detailed scholarly examination of women s SF in the early magazine period before the Second World War Tracing the tradition of women s SF back to the 1600s the author demonstrates how women such as Margaret Cavendish and Mary Shelley drew critical attention to the colonial mindset of scientific masculinity which was attached to scientific institutions that excluded women In the late nineteenth century Charles Darwin s theory of sexual selection provided an impetus for a number of first wave feminists to imagine Amazonian worlds where women control their own bodies relationships and destinies Patrick B Sharp traces how these feminist visions of scientific femininity Amazonian power and evolutionary progress proved influential on many women publishing in the SF magazines of the late 1920s and early 1930s and presents a compelling picture of the emergence to prominence of feminist SF in the early twentieth century before vanishing until the 1960s *A Dictionary of the English Language Pronouncing, Etymological, and Explanatory ...* James Stormonth,1895 Windhorse Woman Lynn V.
