## **Dictionary of the Old Testament: Wisdom, Poetry and Writings**

TREMPER LONGMAN III, PETER ENNS, 2020-05-21 The Old Testament books of wisdom and poetry carry themselves differently from those of the Pentateuch the histories or the prophets The divine voice does not peal from Sinai there are no narratives carried along by prophetic interpretation nor are oracles proclaimed by a prophet Here Scripture often speaks in the words of human response to God and God's world The hymns laments and thanksgivings of Israel the dirge of Lamentations the questionings of Qohelet the love poetry of the Song of Songs the bold drama of Job and the proverbial wisdom of Israel all offer their textures to this great body of biblical literature Then too there are the finely crafted stories of Ruth and Esther that narrate the silent providence of God in the course of Israelite and Jewish lives This third Old Testament volume in IVP's celebrated Black Dictionary series offers nearly 150 articles covering all the important aspects of Job Proverbs Ecclesiastes Psalms Song of Songs Lamentations Ruth and Esther Over 90 contributors many of them experts in this literature have contributed to the Dictionary of the Old Testament Wisdom Poetry and Writings This volume maintains the quality of scholarship that students scholars and pastors have come to expect from this series Coverage of each biblical book includes an introduction to the book itself as well as separate articles on their ancient Near Eastern background and their history of interpretation Additional articles amply explore the literary dimensions of Hebrew poetry and prose including acrostic ellipsis inclusio intertextuality parallelism and rhyme And there are well rounded treatments of Israelite wisdom and wisdom literature including wisdom poems sources and theology In addition a wide range of interpretive approaches is canvassed in articles on hermeneutics feminist interpretation form criticism historical criticism rhetorical criticism and social scientific approaches The Dictionary of the Old Testament Wisdom Poetry and Writings is sure to command shelf space within arm's reach of any student teacher or preacher working in this portion of biblical literature

,1890    **Medieval Exegesis in Translation** Lesley Janette Smith,1996 This book brings together and translates from the medieval Latin a series of commentaries on the biblical book of Ruth with the intention of introducing readers to medieval exegesis or biblical interpretation Ruth is the shortest book of the Old Testament being only four chapters long It is partly for this reason that it lends itself so well to a short book introducing medieval exegesis but it is also of interest in itself Ruth poses a number of exegetical problems including the basic one of why such an odd book in which God never appears as an actor and with a central character who was not an Israelite but a Moabite outsider and a woman at that should find a place in the canon of Scripture    **The English Record** ,1972    **The Seventeenth Century Hebrew Book** Marvin J.
