## **The Millennium Bug Debugged:**

**The Millennium Bug Debugged** Hank Hanegraaff, 1999 Hanegraaff had not intended to tackle the Y2K issue. But when CRI was bombarded with queries about the alarms sounding throughout all sectors of Christendom he felt a mandate to investigate and present his findings. What he discovered runs the gamut from profiteering to careless journalism to simple gullibility.

**Apocalyptic Fever** Richard G. Kyle, 2012-08-01 How will the world end? Doomsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America. Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event. The views expressed in these polls have been reinforced by the market process. Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events. Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world. Why do Americans love doomsday? In Apocalyptic Fever Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas. Yet while several chapters are devoted to this topic this book covers much more. It surveys end time views in modern America from a wide range of perspectives: dispensationalism, Catholicism, science, fringe religions, the occult, fiction, the year 2000, Islam, politics, the Mayan calendar, and more.

**Debugging Visual FoxPro Applications** Nancy Folsom, 2002 Writing code is only half the battle in developing applications. Getting the bugs out is the other half and it can be the frustrating part since after all bugs don't just mysteriously appear in your code. You have to put them there. But masterful debugging is more than a skill you can learn; it's a frame of mind, yes, almost a way of life. In Debugging Visual FoxPro Applications Nancy Folsom takes you into the head of a successful debugger, gives you a new perspective on the mind set and then explores the myriad of tools that Visual FoxPro programmers have at their disposal.

**Three Perspectives: Jewish, Christian, and Muslim** Steven H. Propp, 2009-12-30 You're Jewish, aren't you? This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls

himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migr named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the authors earlier book Beyond Heaven and Earth in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world    **The Millennium Bug** Michael S.
