an international movement Sangharakshita is the ideal guide In this highly readable reliable and far reaching guide he sorts out fact from myth and theory from practice to reveal the principal ideals and teachings of Buddhism **The Buddha Way** William Corlett, John Moore, 1992 Survey of the principal Buddhist scriptures reveals their timeless relevance **Journey of Insight Meditation** Eric Lerner, 2023-09-21 I set out to study and practice Vipassana meditation in India fifty years ago Then as now I characterized myself as both a spiritual seeker and a writer During the six months that I sojourned in meditation centers and monasteries observing the strict rules of retreat I nevertheless spent several hours a day feverishly filling notebooks by lamplight with tightly packed script legible only to me recording my internal experiences I wanted to tell a story because I am by nature a story teller but on my return to America I was a bit disconcerted to find that my detailed accounts read like data recorded by a naturalist hidden in the bush observing the behavior of a strange creature in the wild information that would have little interest to anyone except an extreme specialist in the field Up until then my unpublished works were lightly fictionalized autobiographical accounts of my young life but fiction wouldn't be accurate enough to tell this tale Instead I created a protagonist a bit of a hero who was both me and not me Eric Lerner I re created the external world of people and teachers and places he'd encountered as well as ideas and beliefs adopted and discarded In other words a setting and a plot All of it was real or real enough the product of memory and interpretation a new veracity A memoir Eric Lerner Italy March 2023 _____ With a guru in monasteries and isolated for weeks at a time in forests Lerner practiced the Buddhist art of vipassana or insight meditation From exercises which took him inside his body to undo knots of pain he progressed through various stages of awareness Sensitively and convincingly written his self absorbed book nearly succeeds in describing the ineffable Publishers Weekly Journey of Insight Meditation not only gives a fine introduction to Vipassana but sets a standard of excellence for spiritual journals of its kind It is so good because Lerner is highly aware of the difference between the twin pitfalls of over enthusiasm and over analysis His book is readable thought provoking and very real Strongly recommended Library Journal Lerner captures with exquisite clarity the psychological underworld of the hardcore meditator With candor and warmth he shares the pain agony occasional ecstasy and hard earned insight he found as a student of Vipassana His is a compelling travelogue of the mind Daniel Goleman author of The Meditative Mind The Varieties of Meditative Experience I have shared many of the teachers friends and experiences of which Eric Lerner writes in this meditation diary His characterization of the death gasps of our romanticism about self and journey I find to be a chillingly lucid and refreshingly accurate account of what is Ram Dass **The Buddha's Way to Human Liberation** Nalin Swaris, 1999 Knots **The Heart of Buddhist Meditation** Nyanaponika Thera, 2014-07-01 This is a classic text on the essence of Buddhist meditation It is an excellent in depth description of mindfulness practice and its benefits It includes a concise explanation of clear comprehension which is the kind of mindfulness you use in the course of your daily life It also presents an easily understandable explanation of the Four Foundations of Mindfulness This new edition includes an

introduction from noted author and teacher Sylvia Boorstein Although the Buddha lived over 2500 years ago his teachings on meditation are among the most effective methods for healing the pain of grief finding inner peace and overcoming the sense of dislocation caused by living in the 21st century Mindfulness is a method not only for committed Buddhists It is for everyone interested in mastering the mind *THE BUDDHIST WAY OF LIFE : ITS PHILOSOPHY and HISTORY* F. The Library of Wisdom and Compassion series therefore starts from the universal human wish for happiness and presents the dynamic nature of the mind. This first volume also provides a wealth of reflections on Buddhist history and fundamentals, contemporary issues, and the Dalai Lama's own personal experiences. It stands alone as an introduction to Buddhism but it also provides a foundation for the systematic illumination of the path in the volumes to come. The Library of Wisdom and Compassion collects the Dalai Lama's decades of presentations of every step of the path to enlightenment. It has been compiled and coauthored by one of his chief Western disciples, the American nun Thubten Chodron.
